*Commissioners of Ward 2 Schoolhouse Sinking Fund.*

HENRY A. NASH . . . . .	Term expires 1911
FRANK H. TORREY . . . . .	" " 1912
WILLARD J. DUNBAR . . . . .	" " 1913

## REPORT OF SELECTMEN.

---

*To the Inhabitants of the Town of Weymouth:*

The undersigned, Selectmen of the Town of Weymouth, hereby submit their report for the year ending December 31, 1910, together with the annexed schedule of appropriations and the payments made thereunder, as prepared and submitted by the Town Accountant.

### APPOINTMENTS.

Albert P. Worthen was reappointed as Town Counsel, to serve his tenth year in that capacity, and only those who have been acquainted with the work he has had to perform during the last year can appreciate how valuable his services to the Town have been.

The reapportionment of the assessments to be made upon the cities and towns of the Metropolitan Park District for the ensuing five years came this year, and also the apportionment of the cost of the Charles River dam. No time or pains was spared by Mr. Worthen in guarding the interests of the Town in the making of these apportionments, and while it seems inevitable that we must pay for Metropolitan Park purposes out of proportion to the benefits received by us, his faithful services resulted in as moderate an assessment on our Town for the above purposes as we had any reason to expect.

At a joint meeting of the Board of Selectmen and the Water Board, held on March 15, Charles B. Cushing was reappointed to the position of Accountant, to serve his ninth term in that position. His salary was fixed at \$1,100, of which \$850 was to be paid by the Selectmen and \$250 by the Water Board.

At the same meeting Ivers M. Lowe was also reappointed for his ninth term as Superintendent of Streets and Water, his salary of \$1,700 to be paid as heretofore, \$950 by the Selectmen and \$750 by the Water Board.

For the purpose of compliance with law Mr. Lowe was subsequently appointed by this board as Superintendent of Streets.

Section 1 of Chapter 624 of the Acts of 1910 provides as follows: "Any Town, at a Town meeting lawfully called for the purpose, may authorize the Selectmen to appoint a Town Accountant, and he shall perform all the duties and possess all the powers of Town Auditors as defined in Sections 79 and 80 of Chapter 25 of the Revised Laws and Chapter 322 of the Acts of the year 1904. In Towns authorizing the appointment of a Town Accountant as aforesaid the office of Town Auditor may, if the Town so vote, be abolished."

As the appointment of an Accountant seems now almost indispensable, it seems advisable it be made under the provisions of the foregoing act. In the making of all of our appointments we have endeavored to be guided solely by what we considered to be for the best interests of the Town, and, other things being equal, we have considered that past meritorious service should commend the one having performed it in preference to a person who is untried in the line of work to be performed under the appointment.

### POLICE.

The same appointments were made in the police department as for the preceding year, with Thomas Fitzgerald as chief, and with the exception of a change made in the night patrol in South Weymouth, the organization of the department has remained unchanged through the year and it has done good and effective service. In saying this we would by no means be understood as intimating that there is not a chance for improvement. The police themselves would, we think, be the last to make this claim.

We have prepared and introduced a code of rules and regulations which has, we think, been instrumental in bettering the service of the department.

This code of rules is, in its essential features, similar to those in use in neighboring towns and cities, and is carefully compiled to meet our needs. Soon after the last annual meeting we were waited on by a committee from the police, asking that a raise in their pay be made to correspond to that voted by the town to laborers on the highway and in the water department.

Though we acknowledged the merit of the claim we did not at

first see the way of complying with the request as the appropriation would not cover the added cost.

It was at length agreed that the increase of twenty-five cents a day should be made, on condition, that if this resulted in the appropriation becoming exhausted before the next annual meeting, the members of the force were to continue the service, but the bills were to remain unpaid until the town should make provision therefor.

For details of the work of the department we refer to the report of the Chief.

### FIRE DEPARTMENT

The same appointments were made for Fire Engineers as for the preceding year, and we believe the efficiency of the department has been maintained fully up to its previous standard, and that officers and men are faithful and zealous in the performance of their duties. Much of the work of the past year has been in the suppression of brush fires, which, during the dry time of the summer and fall, were of unusual frequency and called for much hard labor.

We refer to the report of the Engineers, and commend the recommendations made therein to the earnest and careful consideration of the citizens of the town.

### HIGHWAYS AND SNOW.

While the Board has maintained a general supervision over the highway work we have, to a great extent, left the Superintendent unhampered in the carrying out of the details thereof, information in regard to which will be found in his report.

All things considered, we found the streets in as good condition when the winter set in as could be expected. With a given appropriation we can hardly look for the same results with a short day and increased price for labor as under former conditions.

### STREET WATERING AND OILING.

We have, under the street watering act, made an increased use of asphalt oils as a dust preventive and road preservative. In doing this we have been to a good deal of pains to learn what is the best preparation and the best methods of applying the same. Having done this we are only able to say that there appears to be no best preparation for all classes and conditions of roads.

Two things seem to be pretty well determined. First, that no street oil can show its best possibility unless the road bed to which it is applied is fairly well crowned; and secondly, that the work is unsatisfactory unless the street is first put in good even condition and cleaned of loose material.

We have used two kinds of oil in approximately equal quantities, one containing forty and the other sixty per cent. of asphalt, and look with a good deal of interest to see the respective conditions of the roads to which these were applied, when the ground settles in the spring.

If use is to be made of road oils to any considerable extent the coming season, we recommend that the town provide in the general taxation for a larger proportion of the cost than heretofore, for the reason that the oil acts as a preservative and to a considerable extent obviates the necessity of outlay for repairs upon the streets so treated. We think it no more than fair to the abutters on streets oiled that the town should pay one-half the cost.

#### STATE HIGHWAY.

We hoped to have shown the completion of Main Street as a state highway the present season, but in this we were disappointed. A contract was presented to us by the Highway Commission, but it being in some respects unsatisfactory, we asked a hearing for the consideration of the objectionable features.

This hearing was granted and the Commissioners said they would have their engineer go over the road and ascertain if the conditions were such as to justify them in modifying the prices written in the contract.

If this was done it was not until so late in the season as to be of no service for the purpose of securing a change in the terms of the contract, and the street remains the same as at the time of the last annual report.

#### GUIDE BOARDS.

The guide boards, required by law to be maintained, are in fairly good condition.

#### STREET RAILWAY PERMIT.

Under date of May 2, 1910, upon petition of the Old Colony Street Railway Company, a permit was granted said company to

act as common carriers. This permit was practically the same as that issued by the Board of the previous year, including a twenty-year limit.

The permit was not accepted by the company. A hearing was had before the Railroad Commission, but without result, as the commissioners are evidently averse to the approval of an express permit with a time limit.

We have caused a bill to be introduced into the present legislature for the purpose of securing an act authorizing cities and towns to grant such permits, with the time limit.

Early in December the Street Railway Company made a change in their time table by which the service on the Braintree and Rockland line was reduced through the greater part of the day to one car an hour each way. We are endeavoring, in connection with the Board of Trade, to have this service restored, and a petition is before the Railroad Commission, action upon which is still pending.

#### BILLS PAYABLE.

The Town at its last annual meeting, to provide for the payment of a note of \$7,500, voted to raise by taxation \$1,500, and for the remaining \$6,000 to issue notes for borrowing the same, the first of these notes to become payable in 1912. The First National Bank of Boston, acting on the opinion of its legal counsel that the first note of a series must become payable the year following the issue of the same, declined to authenticate the notes, and advised remedying the vote by another Town meeting. Such a meeting was held early in December, and a motion prepared to meet the objection to the first was presented to the meeting. Amendments were offered, and as finally passed the vote contained the same defect as the original one and nothing was done under it.

As the payment of the original note created an overdraft of \$6,000 and a corresponding deficiency in the treasury, it will be necessary to provide means to make good this deficiency.

The following notes become payable the current year:

Athens Schoolhouse	.	.	.	.	\$2,500 00
Pratt Schoolhouse	.	.	.	.	1,000 00
Fore River Bridge	.	.	.	.	1,000 00
Wharf Street	.	.	.	.	2,000 00

With the exception of the last named, no action by the Town is called for, as the Assessors are required by law, when a Town has voted to provide for the payment of a debt by annual proportionate payments, to assess the same without further vote until such debt is extinguished. [Revised Laws, Chap. 27, Sect. 13.]

### TOWN SURVEY.

The Town survey is progressing favorably under the supervision of Russell H. Whiting. His report will show the progress of the work thus far. It is expected that it will take three years more to complete the survey and plotting.

### GAS.

In relation to the permit granted June 1, 1909, to the Plymouth County Gas, Light & Power Co., concerning which the report of the Selectmen for that year stated, "It is probable that the work will be started as soon as the condition of the ground will permit in the coming spring," we have to say: That the company failed to secure the necessary financial backing, and beyond securing a site for their plant in East Braintree and doing some preliminary work little progress appears to have been made. As this goes to press we are informed that a Boston concern of undoubted ability and integrity proposes to take over the company and hasten the work to completion.

### GYPSY AND BROWN-TAIL MOTHS.

The Town having elected a tree warden outside of this board, it seemed to us advisable to place the moth work also in his hands, and Charles L. Merritt was accordingly appointed Superintendent of this work. Mr. Merritt at first labored under the disadvantage of having the business to learn, but he proved an apt scholar, and with the assistance and advice of District Superintendent Bates, who has ever been ready to help him, he now has the work well in hand. We refer to the report of the Superintendent for information in regard to details.

### METROPOLITAN PARKS APPORTIONMENT.

The statutes relative to the metropolitan parks require that in every fifth year there shall be an apportionment, by a commission appointed for the purpose, among the cities and towns of the metropolitan parks district, of the amount to be paid each year to

meet the necessary expenses of the board of metropolitan park commissioners; the interest and sinking fund requirements; the care, maintenance, and operation of the parks, reservations, and other works acquired, cared for and controlled by said board as provided by law.

The metropolitan parks district was established in 1893 and comprises thirty-nine different cities and towns. The first apportionment was in 1895, the second in 1900, and the third in 1905.

Upon proper proceedings instituted by the metropolitan park commissioners, the Supreme Judicial Court, on April 26th last, appointed Ernest H. Vaughan of Worcester, Charles G. Bancroft of Natick and Frederick S. Hall of Taunton, as a commission for the 1910 apportionment.

No special rule has been adopted by any two of the prior commissions and various schemes as to the manner in which, and the basis on which, the apportionment should be made have been severally urged, before all the commissions, by different municipalities according as the same were favorable to this or that municipality if adopted.

The commission of 1895 made an award which was the result of combining percentages based upon population and valuation, with computations of special benefits determined by them to have been received by the several municipalities. This award was confirmed by the court but never became operative, by reason of Section 4, Chapter 55, Acts of 1896.

In the apportionment of 1900 the Commissioners rejected population and special park betterments and adopted valuation as the basis of their determination, made allowances for local contributions to parks, and modified the result by taking into consideration the wealth of the different municipalities dividing them into three classes: 1.—Those whose valuation was less than \$1,000 per capita; 2.—Those in which it was between \$1,000 and \$2,000; 3.—Those of \$2,000 or over and deducted 25% of the amount which would otherwise have fallen upon the municipalities in class 1 and added it to those in class 3.

This apportionment was in force for the five year period following 1900.

The commissioners on apportionment in 1905 based their award solely upon valuation, making the assessment uniform

throughout the district, treating it as a unit. This was confirmed by the Court and has been in force the past five years.

Of the different rules adopted by the various preceding commissions, that of valuation is the most favorable to Weymouth, and at the recent hearings before the last commission it was urged on behalf of the town, that valuation as a basis should be adhered to but that discrimination should be made in favor of a town so remotely located from the parks and reservations thus far established in the district.

Weymouth asked, (a) that the principle of making valuation the basis adopted by the last commission should be followed, and (b) that only a certain portion of the entire expense be assessed uniformly throughout the district and the remaining portion of such expense be assessed (as an additional assessment) on such cities and towns as the commissioners find are specially benefitted.

This contention was taken into consideration by the commissioners and in their award Weymouth and a few other towns were excluded from being required to contribute to more than 60% of the aggregate sum necessary to be raised each year.

#### CHARLES RIVER DAM AND BASIN.

The construction of a dam across the Charles River between the cities of Boston and Cambridge, the removal of the existing Craigie Bridge, so called, between said cities, the construction of a highway and park upon the dam, the furnishing of a lock in said dam and of drawbridges, wasteways, etc., dredging in the Charles River and canals leading therefrom, and the strengthening of abutting walls, the construction of marginal conduits, the building of an embankment on the Boston shore and certain other works were authorized by Chapter 465 of the Acts of 1903 and amendments thereof.

The different works to be performed under the Charles River Dam and Basin Acts have been completed and they now occupy a central location in the Metropolitan Parks system.

It was the duty of the commissioners on this year's metropolitan parks apportionment to apportion the cost (\$3,992,552.71) which was paid by the Commonwealth in the first instance.

In doing so the statute required them to ascertain the cost of the removal of the old Craigie Bridge and the construction of a suitable bridge in place thereof; and this sum when ascertained

was to be paid equally by the cities of Boston and Cambridge.

It is obvious that it was in the interest of the towns and cities other than Boston and Cambridge to have the cost of a suitable bridge fixed at as high a figure as such a bridge would properly cost.

As no such bridge was ever built (the dam serving as a highway) it was necessary to offer estimates of expert engineers.

After deducting the amount of these two items and the cost of the embankment, it was provided that the "remainder shall be considered and treated as a part of the cost of construction of the Metropolitan Parks System" and to be apportioned accordingly.

It was vigorously urged in behalf of Boston and most of the municipalities north of Boston that the "remainder" should not be apportioned separately or independently of the costs of the parks system, but should be apportioned uniformly over the whole district.

On the other hand, Weymouth and the municipalities south of Boston contended that this "remainder" was capable of a further sub-division, and that justice and equity required the Commissioners to consider and make allowances for the special benefits to Boston and Cambridge resulting from the various features of the work.

Engineering experts were employed to analyze the "remainder" and determine the amounts expended on particular parts of the great work and explain the local benefits conferred by the construction of same.

The Commissioners adopted the view most favorable to Weymouth and the municipalities associated with it in the controversy, and as a result made finding and award substantially as follows:

Cost of removal of Craigie Bridge and construction of a suitable bridge, \$1,200,000; one-half to Boston, one-half to Cambridge.

Boston Embankment, \$847,636.43 to Boston.

Broad and Lachmere Canals, \$170,528, fifty per cent. to Cambridge.

Boston Marginal Conduit, \$642,579.99, one-sixth to Boston.

Cambridge Marginal Conduit, \$101,909.28, one-sixth to Cambridge.

The balance then remaining was apportioned to the Cities and Towns in the Metropolitan Parks District in proportion to valuation.

## SUITS AT LAW.

No suit was brought against the Town during the year 1910.

The Town's exceptions in the Sarah F. Page case were considered by the full bench of the Supreme Court and overruled. The verdict has been paid.

The action of Robert C. Steele to recover \$500 for damages to his automobile, claimed to have been caused by the alleged defect in Commercial Street, was tried in the court at Quincy, resulting in a finding for the plaintiff of \$87.84. The case has been appealed.

This and the suit of Thomas F. Brady for extra services and the petition for land damages by Louis A. Cook were the only actions pending against the Town on December 31, 1910.

### JURY LIST.

---

The following named persons are proposed for jury service:—

NAME AND OCCUPATION.	STREET.
Alexanderson, Hans M., boatbuilder,	64 Bridge
Ashton, Joseph C., conductor,	51 Grove
Bailey, Bernard C., skiver,	644 Broad
Bailey, Charles T., watchman,	204 Front
Bailey, Fred L., ice dealer,	4 Pond
Baker, Charles W., expressman,	139 Washington
Baker, Winfield B., shoeworker,	9 Curtis ave.
Barlow, Robert, painter,	135 East
Bates, Abbott C., trader,	45 Charles
Bates, John A., operator,	375 Pond
Bates, Leavitt W., salesman	150 Middle
Bates, Nathan G., cemetery supt.,	36 Elm
Belcher, Percy W., grocer,	4 Hollis
Benson, George A., salesman,	Tower ave.
Bernhardt, Walter, stone mason,	39 Hollis
Bicknell, George E., manufacturer,	24 Prospect
Blanchard, Franklin, janitor,	782 Commercial
Bond, William A. cutter,	197 Summer
Bradford, Edwin S., shoeworker,	830 Commercial
Boyle, Thomas E., wool sorter,	12 School
Bresnahan, Daniel, wool sorter,	370 Pleasant

Briggs, Frank E., printer,	53 Raymond
Brown, Edward, agent,	72 Sea
Brown, H. Otis, farmer,	86 Oak
Burns, Edward, foreman,	95 Union
Burrell, Andrew F., painter,	150 Washington
Butterfield, John W., baker,	96 Grant
Butterfield, Joseph H., gardener,	32 Oak
Callahan, William F., leather worker,	416 Washington
Callahan, Lewis W., decorator,	161 Randolph
Cate, Melville, manufacturer,	133 Washington
Cash, Charles H., carpenter,	6 Lincoln
Clapp, Everett F., motorman,	87 Grant
Clapp, Charles Q., retired,	60 Monatiquot
Clement, Merton Y., merchant,	55 Sea
Cleary, Maurice, laborer,	23 Keith
Corcoran, James H., vamper,	378 Broad
Collyer, William O., merchant,	16 Sea
Connell, John A., agent,	1182 Pleasant
Connor, James L., shoeworker,	19 Bates ave.
Coolidge, C. Francis, cutter,	172 Middle
Crawford, David N., printer,	Tower ave.
Crawford, George O., operator,	59 Columbian
Croker, Thomas W., fitter,	419 Broad
Curtis, Charles S., cutter,	75 Pleasant
Curtis, John W., jobber,	30 off Hill
Cushing, Frank B. A., merchant,	43 Athens
Cushing, Emery L., leather worker,	22 Drew ave.
Davis, Arthur W., cutter,	388 Washington
Denbroeder, Charles R., merchant,	736 Broad
Denbroeder, Louis M., book-keeper,	732 Broad
Doble, Samuel A., shoe repairer,	654 Main
Donlan, James H., blacksmith,	510 Broad
Donovan, John W., cutter,	39 Norfolk
Dowd, Frank J., sole cutter,	126 Pine
Dunn, J. Wilfred, shoe worker,	223 Pond
Estes, S. Ozro, salesman,	80 Neck
Fallon, Thomas, wool sorter,	28 Station ave.
Fernald, Frank M., plumber,	55 Union
Flynn, Jeremiah J., P. O. clerk,	524 Union
Ford, Edwin W., book-keeper,	67 Raymond

Frary, Edward H., jeweller,	41 Summet
French, George H., book-keeper,	190 Essex
Gardner, Everett W., shoe worker,	55 Tower ave.
Gardner, Nelson W., mason,	45 Myrtle
Geisler, Walter J., clerk,	27 Walnut ave.
Gibson, Charles D., cutter,	63 High
Gladwyn, Leland L., manufacturer,	62 River
Gladwyn, Nelson B., manufacturer,	Hillside Road
Grant, Nicholas J., carpenter,	32 Linden Place
Hallnan, Richard, shoe worker,	Main
Hanley, Henry E., leather dealer,	66 Raymond
Harris, Wallace A., shoe worker,	Burton Terrace
Hawes, Irwin B. H., foreman,	790 Pleasant
Healey, Robert H., cutter,	291 Union
Hersey, Wallace R., real estate agent,	434 Main
Hiatt, George H., operator,	128 Central
Hollis, Charles J., stable keeper,	15 Phillips
Hobart, Frank F., real estate agent,	33 Prospect
Horace, Richard, mason,	41 Derby
Hughes, Peter F., shoeworker,	496 Broad
Hunt, Edward W., grocer,	59 Front
Hunt, John Q., operator,	49 Lafayette ave.
Jones, James B., retired,	437 Commercia
Jordan, Edward T., insurance agent,	27 Washington
Kearns, David F., motorman,	1096 Pleasant
Kennedy, Henry J., laundryman,	30 Park ave.
Kittredge, Frank M., cutter,	43 Shaw
Knox, James, shoeworker,	412 Broad
Lamrock, George S., salesman,	597 Broad
Lane, Joseph E., chemist,	30 Lovell
Lincoln, La Forest, cutter,	36 Maple
Loud, C. Arthur, boxmaker,	70 West
Loud, Henry K., operator,	563 Pleasant
Loud, Willie B., clerk,	714 Main
Lovell, Charles H., stationer,	784 Pleasant
Lunt, Elmer E., carpenter,	52 Church
Marsh, A. Spencer, stable keeper,	92 Pleasant
Maynard, George C., conductor,	909 Pleasant
McCristle, Thomas, painter,	72 Main
McCue, Thomas F., laborer,	Beals

McGrory, Edward P., P. O. clerk,	15 Central ave.
McIntosh, Henry T., painter,	576 Broad

Respectfully submitted,

JOHN H. STETSON,

*Treasurer.*

WEYMOUTH, December 31, 1910.

We have examined the accounts of John H. Stetson, treasurer of the Elias S. Beals Park Fund, the Augustus J. Richards Fund, and the James Humphrey Schoolhouse Sinking Fund, and have found them correct.

JOHN P. HUNT,

WILLIAM H. PRATT,

FRANK N. BLANCHARD,

*Auditors.*

## AUDITORS' REPORT.

---

The Auditors for the year of 1910 report that they have examined, in compliance with the Public Statutes, the books and accounts of the Town Treasurer, Treasurer of the Water Loan and Sinking Fund Commissioners, Beals Park Fund, Sealer of Weights and Measures, and Treasurer of the Tufts Library, and find them to be correct.

The accounts and securities of the Trustees of the Fogg Library, James L. Bates Reference Room and Howe Fund, at the Fogg Library, Pratt School Fund, Tufts Lecture Fund, have also been examined and the investments are satisfactory.

We visited the Town Home on the 31st of December, and made the usual inventory. The Home is a model of neatness, and is a credit to the Keeper and Matron and the Town. The members, consisting of nine women and 27 men, are provided with neat pleasant rooms, well heated and well ventilated, a bath room for each sex, and a hospital to be used when there is sickness. The barn and other buildings are in good repair and are kept neat and clean.

We find that the registers of the Town Accountant and the Cash Book of the Town Treasurer agree as to the amount of orders paid during the year and the balance of orders unpaid Jan. 1, 1911.

Balance of orders unpaid Jan. 1, 1910.	\$9,274 97
Amount of orders drawn during the year 1910	383,925 02
Total	\$393,199 99
Amount of orders paid by Treasurer for 1910	386,295 85
Balance of orders unpaid Jan. 1, 1911	\$6,904 14

### TAX COLLECTORS.

## REPORT OF THE OVERSEERS OF THE POOR.

---

The Board of Overseers of the Poor of the Town of Weymouth respectfully submit the following report for the year ending December 31, 1910 :

### TOWN HOME AND FARM.

Joseph Cummings was re-elected Superintendent and Mrs. Cummings Matron of the Home for the term ending April 1, 1911, the salary remaining the same as heretofore, viz., \$1,000.00.

To those of our citizens who have visited the Home — and we are sorry that the number of such is so small — it is hardly necessary to say that the place is always found in a neat condition and all reasonable needs of the inmates are supplied. To care for the number of inmates who are received, of whom the greater part require constant watch care and oversight, calls for qualities in the Superintendent and Matron that are combined in comparatively few married couples, but which Mr. and Mrs. Cummings possess in an eminent degree.

There have been, for the whole or a portion of the year, fifty-four inmates, nine of whom were boarders or chargeable to other towns or cities or to the State.

Of the above number there remain at the close of the year thirty-seven, of whom thirty are males and seven females.

The ages of those who have been inmates during the year are as follows :

Between 20 and 30 years of age	.	.	.	.	.	2
30 and 40	.	.	.	.	.	2
40 and 50	.	.	.	.	.	6
50 and 60	.	.	.	.	.	9
60 and 70	.	.	.	.	.	16
70 and 80	.	.	.	.	.	14
80 and 90	.	.	.	.	.	5

## DEATHS.

Only two deaths have occurred; one of these was a male, sixty-four years of age, and the other a female, eighty-seven years of age, both of whom had been at the Home for several years.

## COST.

The net cost as per accountant's report was \$5,559.14, being \$3.77 per week for each inmate.

## POOR OUT OF THE HOUSE.

Last year's report showed the total number aided out of the Home as 286 individuals in 124 families of one or more. The year now closed shows a gratifying decrease, the whole number being 238, of whom 57 were on account of the State or of other towns or cities. Of the number aided in the past year 96 were males and 142 females. The total number receiving aid at the close of the year is 196.

The cost for aid to the poor out of the Home has been as follows :

For the town's poor . . . . .	\$8,581.13
For those having no settlement here . . . . .	1,604.09
	<hr/>
Total . . . . .	\$10,185.22

All of the cities and many of the large towns of the State have private charity organizations which materially lighten the burdens of the public charities. We realize the fact that much good is done by individuals in our communities in ministering to the needs of the poor, but believe there is a field in our town where a well organized charity could do great good, especially if some of our good citizens who are blessed with an abundance of this world's goods were moved to devote some portion of their means to its endowment, and in so doing lighten the burden of the town which it now carries in the relief of the poor.

## TOWN PHYSICIANS.

The physicians appointed in the work of this department for the year ending June 1, 1911, are as follows: Ward One and the Town Home, William A. Drake; Ward Two, John C. Fraser; Ward Three, George D. Bullock; Ward Four, Karl H. Granger; Ward Five, Edward N. Maybury.

If the usual list of names of those who have been aided or supported by the town is missed from this report its absence can be accounted for by the provisions of the following act of the last session of the General Court :

Acts of 1910, Chap. 412, Sec. 1. No city or town, and no department or official of any city or town in this commonwealth, shall publish in any annual or other report for general distribution to the public, or to the citizens of any city or town, the names of persons assisted in any way by the poor department of any city or town, or the names of any person receiving aid under the provisions of chapter seventy-nine of the Revised Laws and acts in amendment thereof and in addition thereto, residing in such city or town.

EDWARD W. HUNT,  
BRADFORD HAWES,  
GEORGE L. NEWTON,  
WILLARD J. DUNBAR,  
A. FRANCIS BARNES,

*Overseers of the Poor of Weymouth.*

## TOWN CLERK'S REPORT.

---

### ANNUAL TOWN MEETING.

---

#### COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To the Constables of the Town of Weymouth in said County.* GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of the town of Weymouth aforesaid qualified to vote in elections therein, to meet at the polling places in their respective voting precincts, to wit: In precincts numbered One, Three, Five and Six, in the halls of the Fire Engine Houses located in those precincts respectively; in precinct numbered Two, at the Odd Fellows' Opera House, and in precinct numbered Four, at the Hose House at Nash's Corner, on Monday. the seventh day of March next, at five o'clock and forty-five minutes in the forenoon, then and there to bring in to the wardens of their several precincts their votes on one ballot for the following named town officers, to wit: Town Clerk, Town Treasurer, five Selectmen, five Overseers of the Poor, two Assessors for three years, Collector of Taxes, three Auditors, two School Committee for three years, one Water Commissioner for three years, one member of Board of Health for one year, one for two years and one for three years, of which board one must be a physician, one Park Commissioner for three years, three Trustees of Tufts Library for three years and one for one year for the unexpired term of Preston Pratt, removed, one Commissioner for the Sinking Fund of the James Humphrey School House for three years, one Tree Warden and ten Constables, and to vote on the same ballot, "Yes" or "No," upon the following question :

" Shall licenses be granted for the sale of intoxicating liquors in this town? "

The polls will be opened at a quarter before six o'clock in the forenoon and may be closed at one o'clock in the afternoon.

You are further required to notify and warn said inhabitants qualified to vote as aforesaid, to meet at the Town Hall on Monday, the fourteenth day of March, next, at nine o'clock and fifteen minutes in the forenoon, then and there to act on the following articles, namely :

ARTICLE 1. To choose a moderator for said meeting.

Art. 2. To choose all necessary town officers other than those elected by ballot, viz. : Public Weighers, Surveyors of Wood, Lumber and Bark ; two or more Fence Viewers ; two or more Field Drivers and one Pound Keeper.

Art. 3. To hear and act upon the reports of the several boards of town officers and of any committee appointed at any former meeting and to choose any committees the town may think proper.

Art. 4. To see if the town will authorize its Treasurer, with the approval of a majority of the Board of Selectmen, to borrow during the municipal year beginning January 1, 1910, in anticipation of the collection of taxes of said year such sums of money as may be necessary for the current expenses of the town, but not exceeding the total tax levy of said year, giving the note or notes of the town therefor, payable within one year from the dates thereof.

Art. 5. To see if the town will designate the First National Bank of South Weymouth, the First National Bank of Boston and the National Shawmut Bank of Boston, as legal depositories for the funds of the town, and the First National Safe Deposit Company of Boston, Mass., as a legal depository for the securities of the town.

Art. 6. To see what sum of money the town will vote to raise and appropriate for the support of public schools and for transportation of pupils to and from school.

Art. 7. To see what sum of money the town will vote to raise and appropriate for the repair of highways, townways and bridges and for the removal of snow.

Art. 8. To see what sum of money the town will vote to raise and appropriate for the relief and support of the poor. . .

Art. 9. To see what sum of money the town will vote to raise and appropriate for the relief of disabled soldiers and seamen and for the families of disabled soldiers and seamen, under Chapter 79 of the Revised Laws.

Art. 10. To see what sum of money the town will vote to appropriate for the payment of State and Military Aid and for burials, under the provisions of Chapter 468, of the Acts of 1909 and to determine how much of the same shall be raised by taxation.

Art. 11. To see what sum of money the town will vote to raise and appropriate for the support of the fire department.

Art. 12. To see what sum of money the town will vote to raise and appropriate for police service.

Art. 13. To see what sum of money the town will vote to raise and appropriate for the Tufts Library.

Art. 14. To see what sum of money the town will vote to raise and appropriate for the maintenance of a public reading-room at the Fogg Library.

Art. 15. To see what sum of money the town will vote to raise and appropriate for the abatement and remittance of taxes.

Art. 16. To see what action the town will take in regard to a note of \$5,000 which becomes due May 8, 1910.

Art. 17. To see what action the town will take in regard to a note of \$7,500 which becomes due June 15, 1910.

Art. 18. To see what sum of money the town will vote to raise and appropriate for the payment of interest which may become due the ensuing year.

Art. 19. To see what sum of money the town will vote to raise and appropriate for printing and advertising.

Art. 20. To see what sum of money the town will vote to raise and appropriate for miscellaneous expenses.

Art. 21. To see what sum of money the town will vote to raise and appropriate for Memorial Day.

Art. 22. To see what sum of money the town will vote to raise and appropriate for the rent and care of town offices.

Art. 23. To see what sum of money the town will vote to raise and appropriate for care and repair of the Town Hall.

Art. 24. To see if the town will vote to appropriate from the revenue of the Water Works for the current year the sum of \$28,875.00 to be expended for the following purposes, viz: \$19,675.00 for interest on the Weymouth water loan bonds, becoming due the ensuing year; \$7,500.00 for Superintendent's salary, maintenance of works and pumping station, and \$1,700.00 for current expenses, Commissioners and office expenses.

Art. 25. To see if the town will appropriate and direct to be paid to the Trustees of the Sinking Fund out of the income of the water rents for the current year the sum of \$9,000.00 to be set apart and invested as a sinking fund for the payment at maturity of the Weymouth water loan bonds.

Art. 26. To see if the town will vote to appropriate the sum of \$5,000.00 for the purpose of making further construction of the Water Works.

Art. 27. To see if the town will vote to raise and appropriate the sum of \$5,000.00 for hydrants and for the water rents and care of drinking fountains.

Art. 28. To see what sum of money the town will appropriate for the purpose of street watering and to determine what part of the same shall be raised by general taxation.

Art. 29. By request of the Park Commissioners: To see if the town will vote to raise and appropriate the sum of \$50.00 for the care and maintenance of the town parks.

Art. 30. To see what sum of money the town will vote to raise and appropriate for the suppression of the gypsy and brown-tail moths.

Art. 31. To see what sum of money the town will vote to raise and appropriate for the payment of town officers.

Art. 32. To see what sum of money the town will vote to raise and appropriate for election expenses.

Art. 33. On petition of the Trustees of Tufts' Library: To see if the town will raise and appropriate a sufficient sum of money to lay a floor in the hall of the Tufts' Library Building.

Art. 34. At the request of the Water Commissioners: To see if the town will instruct the Water Commissioners not to issue licenses for boating and fishing on Weymouth Great Pond.

Art. 35. At the request of the Water Commissioners: To see if the town will vote to authorise the Board of Water Commissioners to purchase, subject to the approval of the State Board of Health, such land bordering the shore of Weymouth Great Pond, as in the judgment of said commissioners, may be deemed necessary for the purpose of protecting the town's water supply from pollution, and to provide for payment of land so purchased.

Art. 36. By request of Thomas F. Brady: To see if the town will vote to pay Thomas F. Brady for labor at the Pumping Station, from and including November 15, 1902, to January 1, 1905—Sunday work—as suit is still pending in Norfolk Superior Court at Dedham.

Art. 37. By request of the Police of Weymouth: To see if the town will accept the provisions of Section 37, Chapter 19, of the Revised Laws of Massachusetts in its application to the police force, thereby placing the said force under the rules and regulations of the Civil Service.

Art. 38. On petition of H. B. Reed and thirty others: To see if the town will vote to raise and appropriate the sum of \$1,000 for the maintenance of the Board of Health.

Art. 39. On petition of Harry W. Kimball and twenty-nine others: To see if the town will vote to raise and appropriate the sum of \$50,000 for a school house and site in South Weymouth.

Art. 40. On petition of W. H. Mace and twelve others: To see if the town will vote to place a fire alarm box on Washington Street, opposite Lake View Park.

Art. 41. On petition of George E. Perry and nine others: To see if the town will raise and appropriate a sufficient sum of money for a fire alarm box to be located on Main Street, near the residence of Emery Staples.

Art. 42. To see what sum of money the town will vote to raise and appropriate for electric lighting of the streets.

Art. 43. To see what sum of money the town will vote to raise and appropriate toward the Sinking Fund for the payment at maturity of the James Humphrey School House bonds.

Art. 44. To determine in what manner taxes shall be collected the ensuing year and to fix the rate of interest on all taxes remaining unpaid after the time fixed for payment.

Art. 45. To see what sum of money the town will vote to raise and appropriate for the preservation of shade trees, the same to be expended under the direction of the Tree Warden.

Art. 46. To see what sum of money the town will vote to raise and appropriate for the purpose of continuing the survey and plotting of the town.

Art. 47. To see if the town will authorize its Selectmen to commence suit for the collection or recovery of any money or property due it.

Art. 48. To see what provision the town will make for any deficiencies in the appropriations of the current financial year or for any overdrafts already made.

Art. 49. To see if the town will authorize its Selectmen to contract with the Massachusetts Highway Commission for the construction of a section of the State highway on Main Street.

Art. 50. To see if the town will authorize its Selectmen to sell any real estate of which it may be possessed and for which it has no further use.

Art. 51. By request of the State Forester: To see what sum of money the town will vote to raise and appropriate for the purchase of forest fire fighting equipment for use by the Forest Warden.

Art. 52. On petition of Elmer E. Leonard and twenty-one others: To see if the town will raise and appropriate the sum of \$3,500.00 for the purpose of purchasing an automobile hose wagon to be used as a part of the fire apparatus at Weymouth and to be located in Ward Two, or to take such other action as the town may desire.

Art. 53. On petition of John H. Driscoll and seventeen others: To see if the town will vote to raise and appropriate a sufficient sum of money for the purpose of purchasing a suitable piano for the Town Hall.

Art. 54. On petition of Walter W. Pratt and twenty-five others: To see if the town will raise and appropriate the sum of \$30.00 for a new pump at Lovell's Corner.

Art. 55. On petition of the Pond Plain Improvement Society: To see if the town will raise and appropriate \$1,500.00 for the continuation of the gravelling, grading and laying out of sidewalks on Pond Street.

Art. 56. On petition of the Pond Plain Improvement Society : To see if the town will raise and appropriate a sufficient sum of money for the purchase of three hundred feet of fire hose, to be used for fire purposes under the direction of the Fire Protection Committee of the Pond Plain Improvement Society.

Art. 57. To see what sum of money the town will vote to raise and appropriate for the further working of Loud Street.

Art. 58. On petition of Patrick Coffey and fifteen others ; To see if the town will install an electric light on Grove Street, about midway between Raymond and Myrtle Streets, and raise and appropriate money for the same.

Art. 59. On petition of George H. Nelson and fifteen others : To see if the town will install two incandescent lights on Commercial Street, between Union Avenue and King Oak Hill.

Art. 60. On petition of Frank H. Graves and seven others ; To see if the town will place two electric incandescent lights, one on Monatiquot Street and one on Bluff Road, at most desirable position midway of their extent, and raise and appropriate a sufficient sum of money therefor.

Art. 61. On petition of Charles H. Clapp and others : To see if the town will instruct the electric light committee to place one more electric light on Hollis Street, near the house of the late Roswell Corbin.

Art. 62. On petition of John Kohler and others : To see if the town will extend its electric light service on Main Street, South Weymouth.

Art. 63. On petition of John L. Morton and thirteen others : To see if the town will vote to place an electric light on the bend of Washburn street, East Weymouth, near the residence of John L. Morton.

Art. 64. On petition of Arthur W. Phillips and nine others : To see if the town will instruct its electric light committee to install a light on Bay View Street, between Bridge Street and Holbrook Road, and raise and appropriate money for the same.

Art. 65. On petition of Russell G. Hunt and nine others : To see if the town will instruct the electric light committee to place an electric light at the corner of Granite and Summit Streets.

Art. 66. On petition of Russell G. Hunt and nine others: To see if the town will instruct the electric light committee to place an electric light at the corner of Keith and Summit Streets.

Art. 67. On the petition of Eliot C. Pierce and seventeen others: To see if the town will vote that another electric light be placed on the street known as Commercial Street, between the railroad station and Webb Street, or the present lights be so located that sufficient light shall be furnished to the users and residents of said Commercial Street.

Art. 68. On petition of Percy L. Bicknell and others: To see if the town will vote to locate and maintain an electric light on Burton Terrace on pole opposite house of W. A. Harris, or act in any manner in relation thereto.

Art. 69. On petition of Miles P. Keene and nine others: To see if the town will instruct its electric light committee to install a light on Green Street, and raise and appropriate money for the same.

Art. 70. On petition of Elis Milette and thirty-two others: To see if the town will vote to install three additional electric lights on Norton Street, beginning at North Street.

Art. 71. On petition of W. R. Field and thirty-three others: To see if the town will vote to raise and appropriate the sum of \$1,000 to build a three-foot granolithic extension (with the necessary crossings of streets and driveways) to the present concrete sidewalk from Independence Square to the South Weymouth Railroad station, or act in any manner in regard to the same.

Art. 72. To see if the town will accept the report of the Selectmen upon the laying out of a proposed town way over a part of the private way known as Wessagussett Road, from Sea Street to a private way known as Hobomack Road.

Art. 73. On petition of Ashton S. Frothingham and ten others: To see if the town will vote to raise and appropriate the sum of \$1,000 for the working of Wessagussett Street from Sea Street to Hobomack Road.

Art. 74. To see if the town will accept the report of the Selectmen upon the laying out of a proposed town way over the private way known as Leonard Road and through land of Henry A. Nash, from Sea Street to Bay View Street.

Art. 75. On petition of Leonard F. Wolfe and eleven others : To see if the town will vote to raise and appropriate the sum of \$400 for the working of Leonard Road.

Art. 76. To see if the town will accept the report of the Selectmen upon the laying out of a proposed townway over the private way known as Bicknell Road, from Bay View Street to Holbrook Road.

Art. 77. On petition of Merton Y. Clement und nine others : To see if the town will vote to raise and appropriate the sum of \$400 for the working of Bicknell Road.

Art. 78. On petition of John H. Thompson and twenty-two others : To see if the town will vote to pay the sum of \$2.25 per day to all able bodied men for labor on the highways and water works and the sum of \$1.75 per day for each horse so employed.

Art. 79. On petition of Nelson B. Gladwyn and fifteen others : To see if the voters of this town will vote to raise and appropriate \$1,000 or any other sum to repair the sidewalk on River Street and Neck Street south as far as Lovell Street.

Art. 80. On petition of William H. Trask and twenty-two others : To see if the town will vote to raise and appropriate the sum of \$500 to complete the working of Phillips Street.

And you are directed to serve this warrant by posting a copy thereof attested by you in writing in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk on or before the third day of March next.

Given under our hands at Weymouth, this fourteenth day of February, in the year of our Lord nineteen hundred and ten.

GORDON WILLIS,  
BRADFORD HAWES,  
GEORGE L. NEWTON,  
EDWARD W. HUNT,  
WILLARD J. DUNBAR,

*Selectmen of Weymouth.*

WEYMOUTH, February 26, 1910.

Pursuant to the foregoing warrant I have notified and warned the inhabitants of Weymouth aforesaid to meet at the respective places and times and for the purposes set forth in said warrant by posting a true and attested copy thereof in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting, as therein directed.

PATRICK BUTLER,

*Constable of Weymouth.*

A true copy.

Attest :

JOHN A. RAYMOND,

*Town Clerk.*

EDWARD W. HUNT,  
BRADFORD HAWES,  
GEORGE L. NEWTON,  
WILLARD J. DUNBAR,  
A. FRANCIS BARNES,  
*Selectmen of Weymouth.*

Voted, To accept the reports of the several boards of town officers as printed.

Art. 4. Voted, That the Treasurer be and he hereby is authorized, with the approval of the majority of the Selectmen, to borrow from time to time during the current municipal year, beginning January 1, 1910, in anticipation of the taxes of said municipal year, a sum or sums not exceeding at any one time outstanding one hundred seventy thousand dollars for the purpose of meeting the current expenses of the town, and to give the notes of the town therefor, payable within one year from their dates. All debts incurred under authority of this vote shall be paid from the taxes of said current municipal year. Said notes shall not be valid unless authenticated by the certificate of the First National Bank of Boston.

Art. 5. Voted, To designate the First National Bank of South Weymouth, the First National Bank of Boston, and the National Shawmut Bank of Boston, Mass., as legal depositories for the funds of the town, and the First National Safe Deposit Company of Boston, Mass., as a legal depository for the securities of the town.

Art. 6. Voted, To raise and appropriate the sum of \$62,000, and further appropriate one-half the dog tax and all receipts from non-resident pupils for the support of public schools and for the transportation of pupils.

Voted, To take up Article 39.

The Moderator appointed the following persons as tellers and administered oath to them, viz., Warren Simpson, Edward W. Hunt.

A motion was made under this article in relation to building a new school house in South Weymouth but it was not carried.

Art. 7. Voted, To raise and appropriate the sum of \$13,250 and to further appropriate the Street Railway and Excise Taxes for the repair of highways, town ways and bridges, and for the removal of snow, and of this amount \$2,000 be for the removal of snow, \$500 for care and maintenance of bridges, \$1,000 for the purposes mentioned in Article 55, \$250 for the purposes mentioned in Article 79.

Art. 8. Voted, To raise and appropriate the sum of \$10,000 and further appropriate the sum of \$2,000 for the relief and support of the poor.

Art. 9. Voted, To raise and appropriate the sum of \$3,500 for the relief of disabled soldiers and seamen and the families of disabled soldiers and seamen under the provisions of Chapter 79 of the Revised Laws.

Art. 10. Voted, To raise and appropriate the sum of \$600 and appropriate the sum of \$11,400 for the payment of State and Military aid under the provisions of Chapter 468 of the Acts of 1909.

Art. 11. Voted, To raise and appropriate the sum of \$6,700 for the support of the Fire Department.

Art. 12. Voted, To raise and appropriate the sum of \$5,100 for Police service.

Art. 13 and 33. Voted, To raise and appropriate the sum of \$2,600 and further appropriate one-half of the Dog Tax, the income from the Susan Hunt Stetson and Augustus J. Richards funds and the rentals of the library building for the Tufts Library, \$300 of this amount to be used for the purposes mentioned in Article 33.

Art. 14. Voted, To raise and appropriate the sum of \$500 for the maintenance of a reading room at the Fogg Library.

Art. 15. Voted, To raise and appropriate the sum of \$1,500 for the abatement and remittance of taxes.

Art. 16. Voted, To raise and appropriate the sum of \$5,000 for the payment of a note becoming due May 8, 1910.

Art. 17. Voted, That for the payment of a note of \$7,500 due June 15th the sum of \$1,500 be raised by taxation, and that for the payment of the balance the Treasurer be authorized, with the approval of a majority of the Selectmen, to issue and negotiate three notes of \$2,000 each due June 1, 1912—1913—1914, with interest at the rate of four per cent. per annum, payable semi-annually, but said notes shall not be valid unless authenticated by the certificate of the First National Bank of Boston.

Art. 18. Voted, To raise and appropriate the sum of \$5,500 for the payment of interest which may become due the ensuing year.

Art. 19. Voted, To raise and appropriate the sum of \$1,500 for printing and advertising.

Art. 20. Voted, To raise the sum of \$3,000 for miscellaneous expenses.

Art. 21. Voted, To raise and appropriate the sum of \$400 for Memorial Day.

Art. 22. Voted, To raise and appropriate the sum of \$800 for the rent and care of town offices.

Art. 23 and 53. Voted, To appropriate the income of the rental of the Town Hall for the care and repair of the same, and the Selectmen are hereby authorized to purchase a piano not to exceed a sum of \$400, to be paid for out of the income from rentals.

Art. 24. Voted, To appropriate from the revenue of the Water Works for the current year the sum of \$28,875 to be expended for the following purposes, viz.: \$19,675 for interest on the Weymouth water loan bonds, becoming due the ensuing year; \$7,500 for Superintendent's salary, maintenance of works and pumping station, and \$1,700 for current expenses, Commissioners and office expenses.

Voted, That in future the reports of the Water Commissioners be tabulated, as other reports.

Art. 25. Voted, To appropriate and direct to be paid to the Trustees of the Sinking Fund out of the income of the water rents for the current year the sum of \$9,000 to be set apart and invested as a sinking fund for the payment at maturity of the Weymouth water loan bonds.

Art. 26. Voted, To appropriate the sum of \$5,000 for the purpose of making further construction of the Water Works.

Art. 27. Voted, To raise and appropriate the sum of \$5,000 for hydrants and for the water rents and care of drinking fountains.

Voted, To adjourn until one o'clock p.m.

At one o'clock, the meeting was again called to order, and the business proceeded.

Art. 28. Voted, To raise and appropriate the sum of \$1,000 for the purpose of watering the public streets for the year 1910, and the balance of the cost thereof shall be assessed upon the estates abutting on the streets so watered in the manner provided by statute.

Voted. That the Selectmen be authorized to use any liquid or matter suitable for laying or preventing dust, for street sprinkling purposes, and it is the sentiment of the Town that the Selectmen devise a system for assessing Street Watering Taxes which will apply more equitably to the owners of vacant land.

Art. 29. Voted, To raise and appropriate the sum of \$50 for the care and maintenance of town parks.

Art. 30. Voted, To raise and appropriate the sum of \$3,200 for the suppression of the Gipsy and Brown tail moths.

Art. 31. Voted, To raise and appropriate the sum of \$7150 for the payment of Town Officers, viz. :

Selectmen and Overseers of the Poor .	\$2,400
Board of Health . . . . .	300
Assessors . . . . .	1,500
Assessors' Clerk hire . . . . .	200
Town Clerk . . . . .	125
Town Treasurer . . . . .	450
Auditors . . . . .	150
Sealer of Weights and Measures . .	200
Tree Warden . . . . .	100
Town Accountant . . . . .	800

Art. 32. Voted, To raise and appropriate the sum of \$700 for election expenses.

Art. 34. Voted, That the subject matter of this article be indefinitely postponed.

Art. 35. A motion was made under this article in relation to purchasing land around Great Pond, but it was not carried.

Art. 36. A motion was made under this article in relation to the claim of Thos. F. Brady but was passed in the negative.

Art. 37. Voted, That the subject matter of this article, in relation to placing the Police under Civil Service, be indefinitely postponed.

Art. 38. Voted, To raise and appropriate the sum of \$200 for the maintenance of the Board of Health.

Art. 40. Voted to raise and appropriate the sum of \$60 for the purpose of placing a fire alarm box on Washington Street, opposite Lake View Park.

Art. 41. Voted, That the matter of placing a fire alarm box

on Main street, near the house of Emery Staples, be referred to the Engineers of the Fire Department .

Art. 42. Voted, To raise and appropriate the sum of \$8,400 for electric lighting, and that out of this appropriation and the accumulation of rebates as may be had, the Electric Light Committee may if necessary provide and install lights to meet the requirements of articles 58 to 71.

Voted, That the following persons serve on the above committee, viz.: Russell B. Worster, Matthew O'Dowd, Walter W. Pratt, William J. Coleman and Winslow M. Tirrell.

Art. 43. Voted, To raise and appropriate the sum of \$2,000 toward the sinking fund for the payment at maturity of the James Humphrey School-house Bonds.

Art. 44. Voted, That all taxes shall become due and payable on or before the 10th day of October next, and that the Collector be instructed to collect forthwith, according to law, all taxes remaining unpaid after that date, with interest at the rate of six per cent. per annum, and the salary of the Collector be six mills on the dollar.

Art. 45. Voted, To raise and appropriate the sum of \$400 for the preservation of shade trees, to be expended under the direction of the Tree Warden.

Art. 46. Voted, To raise and appropriate the sum of \$2,500 to continue the survey and plotting of the town; \$500 of this amount to be used for the maintenance of work already finished. This appropriation to be expended under the direction of the Selectmen.

Art. 47. Voted, To authorize the Selectmen to commence suit for the collection or recovery of any money or property due the town.

Art. 48. Voted, To raise and appropriate the sum of \$3,000 and further appropriate the sum of \$4,200 for over drafts and deficiencies.

Art. 49. Voted, That the Selectmen be authorized to contract with the Massachusetts Highway Commission for the construction of a section of State Highway on Main Street.

Art. 50. Voted, That this article in relation to the Selectmen selling real estate, be laid on the table.

Art. 51. No action was taken on this article in relation to forest fires.

Art. 52. This article in relation to purchasing an automobile hose wagon for Ward 2 was voted down.

Art. 54. Voted, To raise and appropriate the sum of \$30 for a new pump at Lovell's Corner, and Walter W. Pratt was placed on the committee to purchase the same.

The Committee appointed under article 2 made the following report :

BRADFORD HAWES,

*Secretary of Selectmen.*

### WARRANT FOR THE STATE ELECTION.

#### COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, SS. *To the Constables of the Town of Weymouth, in said County.* GREETING :

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet at the polling places in their respective precincts, to wit: In precincts One, Three, Five and Six, at the halls of the Fire Engine Houses located in those precincts respectively; in precinct Two, at the Odd Fellows Opera House, and in precinct Four, at the Hose House at Nash's Corner, on Tuesday, the eighth day of November next, at fifteen minutes before six o'clock in the forenoon, then and there to bring in to the Wardens of their respective precincts their votes on one ballot for the following named public officers, to wit:

For Governor of the Commonwealth.

For Lieutenant-Governor of the Commonwealth.

For Secretary of the Commonwealth.

For Treasurer and Receiver-General of the Commonwealth.

For Auditor of the Commonwealth.

For Attorney-General of the Commonwealth.

For Representative in Congress for the Twelfth District.

For Councillor for the Second District.

For District Attorney for the Southeastern District.

For Senator in the General Court for the First Norfolk District.

For Representative in the General Court for the Seventh Norfolk District.

For Sheriff in and for the County of Norfolk.

For one County Commissioner in and for the County of Norfolk.

For two Associate Commissioners in and for the County of Norfolk.

The polls will be opened at fifteen minutes before six o'clock in the forenoon and may be closed at one o'clock in the afternoon.

And you are directed to serve this warrant by posting a copy thereof attested by you in writing in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon to the Town Clerk of said town three days at least before the time of said meeting.

Given under our hands at Weymouth this twenty-fourth day of October, in the year of our Lord nineteen hundred and ten.

EDWARD W. HUNT,  
BRADFORD HAWES,  
GEORGE L. NEWTON,  
WILLARD J. DUNBAR,  
A. FRANCIS BARNES,

*Selectmen of Weymouth.*

NORFOLK, ss.

WEYMOUTH, October 29, 1910.

Pursuant to the within warrant I have posted this day true and attested copies in three and more public places in each precinct in said town of Weymouth, as within directed.

NATH'L B. PEARE,

*Constable of Weymouth.*

A true copy.

Attest:

JOHN A. RAYMOND,

*Town Clerk.*

## SELECTMEN'S OFFICE,

## WARRANT FOR A SPECIAL TOWN MEETING.

## COMMONWEALTH OF MASSACHUSETTS.

NORFOLK, ss. *To the Constables of the Town of Weymouth, in said County.* GREETING:

In the name of the Commonwealth of Massachusetts you are hereby required to notify and warn the inhabitants of Weymouth aforesaid, qualified to vote in elections therein, to meet in the

Town Hall, on Saturday, the third day of December next, at three o'clock in the afternoon, then and there to act on the following articles, namely :

Article 1. To choose a moderator.

Art. 2. To see if the town will vote to authorize its Treasurer, with the approval of a majority of its Board of Selectmen, to issue six notes of the town of one thousand dollars each, the same to become payable, one each year, from November 1, 1911, to November 1, 1916, inclusive; the proceeds from the sale of which shall be used to reimburse the treasury of the town six thousand dollars, which it became necessary to apply toward the payment of a note of \$7,500, which became due June 15, 1910, or act in any manner in relation thereto.

Art. 3. On petition the Fire Engineers : — To see if the town will raise and appropriate one thousand dollars for the Fire Department, to provide for a deficiency in the annual appropriation.

Art. 4. At the request of the Water Commissioners : — To see if the town will instruct the Water Commissioners not to issue licenses for boating and fishing on Weymouth Great Pond.

And you are directed to serve this warrant by posting a copy thereof attested by you in writing in each of two public places in each voting precinct in said town seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this warrant, with your doings thereon, to the Town Clerk of said town at or before the time of said meeting.

Given under our hands at Weymouth this twenty-first day of November, in the year of our Lord nineteen hundred and ten.

EDWARD W. HUNT,  
BRADFORD HAWES,  
GEORGE L. NEWTON,  
WILLARD J. DUNBAR,  
A. FRANCIS BARNES,

*Selectmen of Weymouth.*

WEYMOUTH, November 25, 1910.

Pursuant to the within warrant I have this day notified and warned the inhabitants of Weymouth aforesaid to meet at the respective place and time and for the purpose set forth in said warrant by posting true and attested copies in two and more public places in each precinct in said town seven days at least before the time of holding said meeting, as within directed.

NATH'L B. PEARE,  
*Constable of Weymouth.*

*Town Clerk.*

#### SPECIAL TOWN MEETING.

Pursuant to the foregoing warrant, a meeting of the inhabitants of the Town of Weymouth was held in the Town Hall on Saturday, December 3, 1910, the meeting being called to order at 3 o'clock P. M., and the warrant was read by the Town Clerk.

Article 1. Hon. Louis A. Cook was elected as Moderator by ballot, and the oath was administered to him by the Town Clerk.

Art. 2. Voted to lay this article on the table.

Art. 3. Voted to lay this article on the table.

Art. 4. A motion was made under this article "That the Water Commissioners be instructed not to grant licenses for boating and fishing on Weymouth Great Pond," but it was not carried, the result of the vote being, Yes 20, No 45.

Previous to taking the above vote the Moderator appointed John J. Loud and A. Francis Barnes as tellers and administered the oath to them.

Voted, To adjourn to Friday, December 9th, at 7 o'clock P. M.

Attest:

JOHN A. RAYMOND,  
*Town Clerk.*

#### ADJOURNED TOWN MEETING.

The adjourned Town Meeting from the 3d instant was held in the Town Hall on Friday, December 9, 1910, and was called to order at 7.30 o'clock P. M. by the Moderator, Hon. Louis A. Cook. There not being one hundred present it was voted to ad-

journal until 8 o'clock, and that a committee of five be appointed to retire and bring the number required to make a quorum (100).

The following were appointed on the above committee: Thomas Fitzgerald, Edward W. Hunt, Joseph A. Cushing, Nelson W. Gardner and Walter W. Pratt.

At 8 o'clock the meeting was again called to order, there being one hundred voters present, and the business proceeded.

Voted, To extend the thanks of the town to the above committee.

Voted, To take from the table Article 2 of the warrant.

Voted, That the Treasurer of the town be authorized, with the approval of a majority of the Board of Selectmen, to issue six notes of the town of one thousand dollars each, to become due: \$2,000 November 1, 1912, \$2,000 November 1, 1913, \$2,000 November 1, 1914, bearing interest at the rate of 4 per cent. per annum, payable semi-annually, the proceeds from the sale of which shall be used to reimburse the treasury of the town the amount of six thousand dollars, which it became necessary to apply toward the payment of a note of seven thousand five hundred dollars, which became due June 15, 1910, the result of the above vote being, Yes 129, No 0.

The Moderator appointed Alvin Hollis one of the tellers and administered the oath to him.

Voted, To take Article 3 from the table.

Voted, To appropriate the sum of one thousand dollars for the Fire Department, to provide for a deficiency in the annual appropriation, the result of the vote being, Yes 121, No 0.

Voted, To take up Article 4.

Voted, To reconsider the vote passed under this article.

A motion was then made "That the Water Commissioners be requested not to grant licenses for boating or fishing on Weymouth Great Pond," but it was not carried, the vote being, Yes 67, No 67.

Voted, That it is the sense of this meeting that the Selectmen call the next annual meeting in the evening.

Voted, To adjourn.

JOHN A. RAYMOND,  
*Town Clerk.*

## BIRTHS,

*Recorded in the Town Clerk's Office, Weymouth, during the  
Year 1910.*

Date of Birth, 1910.

### January

1. Margaret Christina Foley
1. Ruth Lentz
5. Charlotte Elizabeth Gould
6. John E. Quinlan
9. Female child of Charles  
Edwin and Helen Mar-  
tin
13. Evelyn May Linscott
15. Dorothy Christina Web-  
ster
20. Lyda Pembroke Monroe
22. Male child of Albert E.  
Wallace
22. Tolanda Ruscetta
22. Lidia Antonelli
22. Margaret Mellon
23. Teresa Anna D'Entremont
27. Talbot John Liley (Twin)
27. Talford Tom Liley (Twin)
27. Theodore Allen Bates
29. James Raymond Dowd
31. John Joseph Ryan

### February

1. Joseph Arthur Conley
1. Charles Willard Hunt
1. Alberta Beatrice Nutting
3. Margaret Ford Mitchell
6. William Ambrose Foster
7. Harold J. Donovan

Date of Birth, 1910.

### February.

9. William Ross Barker
10. Lawrence Francis Bumpus
13. Warren Frederic Richards
14. Kenneth Norman Cadman
14. Valerie Ella Hersey
15. Mary Fitzsimmons
16. Meredith Daniel Stowell
16. Edith Payne
19. Elmer Frank Hatch
20. Uranio Cichese
20. Fedora Santani
23. Frances Alexandre White
23. Leon Emile Deveau
27. Lucia E. Sherman

### March

2. Mary E. Kirby
3. Geurma Ricca
5. Esther Gertrude Croto
7. Arthur Robert Kilpatrick
9. Eileen Kelly
10. Evelina D'alessandro
11. Phyllis Marion Souther
14. Charlotte Aiken
15. Lear Franklin Peterson
15. Harrison Bates Burke
15. Mary Gunville
16. John Granger Prouty
18. Anna Catherine Hess
19. Carolyn Wilson Wright

Date of Birth, 1910.

## March.

JOHN A. RAYMOND,

*Town Clerk.*

WEYMOUTH, January 25, 1911.

## REPORT OF THE CHIEF OF FIRE ENGINEERS.

---

*To the Selectmen of the Town of Weymouth :*

GENTLEMEN : — The report of the Board of Engineers of Weymouth to Dec. 31, 1910, is as follows :

The department as now organized is under the control of five Engineers, as follows : J. R. Walsh, Chief ; W. W. Pratt, Clerk, M. O'Dowd, John Q. Hunt, D. A. Jones.

One hundred and sixty-six men compose the working force of the department, divided as follows : — Three men to each steamer, five for Chemical 5, five Hose companies and four Hook & Ladder companies of fifteen men each, and two Hose companies of ten men each.

### THE APPARATUS.

Hook and Ladder No. 1 has been painted and we recommend the varnishing of Chemical No. 5 and Steamer No. 1 this year.

### HOUSES.

The houses are in fair repair, with exception of Hose House No. 7, which needs painting on the outside, and the floor timber of Hose House No. 3 is weak in places. Two small rooms up stairs in Hose House No. 5 have been heated by hot water from the stove down stairs.

### FIRE ALARM BOXES.

There have been requests for Fire Alarm Boxes in the different Wards, and if installed, there will have to be extra appropriation for the same.

### WOOD FIRES.

During the past year there have been a great number of wood fires at a cost to the town of fourteen hundred dollars, which is nine hundred dollars over the appropriation of the past year.

## FIRE ALARM.

The report of the Fire Alarm by the Superintendent is as follows :

## TO THE BOARD OF ENGINEERS.

GENTLEMEN :—In the past year there have been seventy alarms, which I think is the largest number this town has ever had in one year. They were as follows :

Ward One had twelve (12), Ward Two had seventeen (17), Ward Three had fifteen (15), Ward Four had fifteen (15), and Ward Five had eleven (11).

There has been one new box installed this year, Box 48, opposite Lake View Park, making the number of boxes now forty-three. There has had to be a lot of repairs made, owing to the large number of new poles being replaced by the different Companies. I have also put up a lot of new cross-arms and wire, and I think that two miles of new wire should be had this year. By putting up a little each year as we have done during the past three years, improves the system a great deal.

Yours respectfully,

C. F. COOLIDGE,

*Superintendent.*

## FIRE LOSS.

Total value of Buildings and contents . . .	\$14,135 00
Loss on Buildings and contents . . .	2,751 00

We would recommend the following salaries and money for fire alarm and new hose as follows :

Engineers . . . . .	\$130 00
Firemen . . . . .	2,052 00
Superintendent of Fire Alarm . . . . .	300 00
Stewards . . . . .	475 00
Expense of Fire Alarm . . . . .	400 00
Wood fires . . . . .	1,000 00
Engine houses expense and fires . . . . .	1,800 00
New hose . . . . .	600 00
New wire for fire alarm and labor . . . . .	300 00

It is the sense of the Engineers that the Horse question in the different Wards is going to be a serious question in the future.

and we recommend the purchase of an Auto Combination Hose Wagon for Ward Two (2).

In closing, we desire to extend our thanks to your Board for the interest you have taken in the department during the past year, and to all the members of the different Companies for their good and faithful duty when called upon; to the citizens of the town for their words of praise, and we most cordially invite them to visit our engine houses and inspect our apparatus, and especially our battery room in Ward Two (2) where our Superintendent, Mr. Coolidge, will be ready to explain the working of that department.

J. R. WALSH,  
W. W. PRATT,  
M. O'DOWD,

D. A. JONES,  
*Engineers.*

C. F. COOLIDGE,  
*Supt. of Fire Alarm.*

# REPORT OF THE LIGHTING COMMITTEE.

WEYMOUTH, January 2, 1911.

*To the Honorable Board of Selectmen :*

The Lighting Committee respectfully submits the following report :

At the annual Town meeting held in March, 1910, it was voted to raise and appropriate the sum or \$8,400 for electric lighting to be expended under the direction of the following committee :

RUSSELL B. WORSTER,  
MATTHEW O'DOWD,  
WILLIAM J. COLEMAN,  
WINSLOW M. TIRRELL,  
WALTER W. PRATT.

Your committee contracted with the Weymouth Light and Power Co. to light the streets of the town on a basis of 33 arcs and 342 incandescent lights for the sum of \$677.00 per month, (the same rate as in previous years, *i. e.*, \$70.00 for arcs and \$17.00 for the incandescents, less rebates for poor lights and lights not burning).

The matter of new lights, as called for in the different articles of the Town Warrant, the town voted to refer to the committee and after consideration voted to install the following new lights :

WARD 1 :

Bridge and Bay View Streets . . . . .	1	
Green Street . . . . .	1	
Norton Street . . . . .	1	
Commercial Street . . . . .	2	
	<hr/>	5

WARD 2 :

Water Street . . . . .	1	
Washburn Street . . . . .	1	
Pleasant Street . . . . .	1	
Grove Street . . . . .	2	
Clapp Building, Middle Street . . . . .	1	
	<hr/>	6

## WARD 3 :

Cor. Granite and Summit Streets .	1	
Cor. Keith and Summit Streets .	1	
Summer Street . . . . .	1	
Vine Street . . . . .	1	
Commercial Street . . . . .	1	
	<hr/>	5

## WARD 4 :

Washington Street . . . . .	1	
Pleasant Street . . . . .	2	
	<hr/>	3

## WARD 5 :

Burton Terrace . . . . .	1	
Hollis Street . . . . .	1	
Main Street . . . . .	2	
	<hr/>	4
Total . . . . .		<hr/> 23

So that with these additional lights the price is \$703 76.

We also followed our usual custom and installed the two arc lights near the shore of North Weymouth, from June 15th to October 1st.

---

In the following resolution, we express our sympathy for the loss of one of our fellow members—William J. Coleman :

WHEREAS, It has pleased our Heavenly Father to remove William J. Coleman from our midst, be it

RESOLVED, That the citizens of Weymouth have lost an ideal citizen and an ever faithful servant, who was so suddenly stricken down ;

RESOLVED, That this resolution be entered upon these records as a tribute of honor and respect:

---

We have received a few requests for lights this year as in

years past, but we were unable to grant them, owing to not having any funds.

We received requests from the two Improvement Associations in North Weymouth to do away with certain arc lights and in their place install incandescent lights, which we have complied with.

We also removed the arc light at the "Old Town House Corner," and it is our intention to remove certain others, as we believe better results will be obtained.

The several villages are fairly well lighted, but some of our main thoroughfares between villages certainly need more lights; also several lights are needed (during the summer especially) along our seashore, which is showing a rapid increase in taxable property.

We have had very little trouble with lights, and the most of what we did have was caused by mixups with the Street Railway lines, which means a burn out all along the line.

We will have a small unexpended balance, which we have partly accumulated by rebates, but we will have to have the same appropriation to carry us through the coming year with the present number of lights.

## REPORT OF SEALER OF WEIGHTS AND MEASURES

WEYMOUTH, January 1, 1911.

*To the Honorable Board of Selectmen of the Town of Weymouth :*

GENTLEMEN : — I submit herewith my report for the year ending December 31, 1910 :

Scales of all descriptions tested . . . . .	188
Weights of all descriptions tested . . . . .	819
Dry measures of all descriptions tested . . . . .	189
Wet measures, including milk jars, tested . . . . .	929
Yard sticks . . . . .	42
Number of scales condemned . . . . .	10
Number of dry measures condemned . . . . .	3
Number of wet measures condemned . . . . .	27
Weighing and reweighing coal teams . . . . .	8 times
Total amount of fees collected . . . . .	\$108 31

F. D. SHERMAN,  
*Sealer of Weights and Measures.*

## REPORT OF TREE WARDEN.

---

*To the Honorable Board of Selectmen of the Town of Weymouth :*

GENTLEMEN : — On assuming the duties of Tree Warden for 1910 I found an

Appropriation for Care of Shade Trees. . . . .	\$400 00
Appropriation for 'Tree Warden' Services . . . . .	100 00
Unexpended balance . . . . .	419 35
	<hr/>
	\$919 35

Owing to the decision of the State Forester that the power sprayer should be used exclusively for moth work until that was completed we were somewhat delayed in spraying the elm trees for beetles. We were obliged to cover the whole town twice, instead of doing all spraying collectively and dividing the expense as has been done in former years. As it cost about \$500.00 to spray the elm trees, it is evident that there must be a larger appropriation if the work is to be continued in the future, as there is no balance to draw from. I went through the whole town removing dead wood and overhanging branches where that was most needed, but there remains some of that work which should be done. There are quite a number of dead trees which ought to be removed.

Respectfully submitted,

C. L. MERRITT,

*Tree Warden.*

## REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT.

---

*To the Honorable Board of Selectmen of the Town of Weymouth.*

GENTLEMEN :—Herewith please find my report for year 1910. The work of the Moth Department during the year has been directed, not to the hopeless task of exterminating the moth, but rather to the protection of our streets, orchards, and residential sections. As regards the Gypsy Moth, I feel that with a few exceptions these sections compare favourably with last year. We have quite a heavy infestation of the Brown Tail Moth this year, notably in those sections where no spraying has been done. The testimony of all who have had their trees well sprayed warrants our admonition to “Go and do thou likewise.” We cordially appreciate the co-operation of those who wish to care for their own trees, but would suggest that it is useless to burlap trees unless you hunt and kill the larva, and worse than useless to cut Brown Tails from the trees unless you pick them up and burn them. It is surely best to have two persons on this work, one to cut and one to pick them up.

If people would cut and burn all useless trees and brush around their yards and along their fence lines there would be much less work in keeping the moths in check. After the time given in the notice to owners has expired if I arrive at a place and find the work undone, I feel that even if the owner should say he intends to do it later, it is my duty to go in with men who are familiar with the work and do it rather than to leave it for him to do. The expense to owner is less in nearly every case.

I wish to thank your Board for your cordial support; the Town Accountant for many kindly services rendered; Mr. Frank A. Bates, Supervisor of the District, for his ever present help; and the men of the department.

Yours respectfully,

C. L. MERRITT,

*Local Supt. Moth Dept.*

## REPORT OF INSPECTOR OF LIVE STOCK.

---

SOUTH WEYMOUTH, MASS., January 1, 1911.

*To the Honorable Board of Selectmen of the Town of Weymouth :*

I hereby submit my report as Inspector of Live Stock for the year 1910. I am pleased to report the condition of stables being improved, but there is still room for improvement in many cases. Whole number of cows inspected, 442 ; oxen, 6 ; young stock, 62 ; bulls, 21 ; swine, 170 ; goats, 13. There have been 5 horses killed for glanders, 2 cows for tuberculosis, 2 dogs for rabies, all of which have been properly buried or rendered.

Yours respectfully,

F. WILBUR LOUD,

*Inspector of Live Stock for Town.*

---

## REPORT OF BURIAL AGENT.

---

EAST WEYMOUTH, December 31, 1910.

*To the Honorable Board of Selectmen of the Town of Weymouth :*

GENTLEMEN : — The following is a list of indigent soldiers, soldiers' wives and widows buried under my direction during the year ending December 31, 1910 :

Michael Ford	.	.	.	.	.	.	.	37 00
James H. Stevens	.	.	.	.	.	.	.	37 00

WALDO TURNER,

*Burial Agent.*

## PARK COMMISSIONERS' REPORT.

---

The Board of Park Commissioners has the honor to submit herewith its annual report for the year ending Dec. 31, 1910.

Soon after the annual Town meeting in March, which elected Mr. Arthur H. Alden, Park Commissioner, to fill the vacancy caused by the resignation of Mr. George L. Newton, the Board met at Beals Park and organized by the election of Louis A. Cook as chairman, Arthur H. Alden, treasurer, and William H. Clapp, clerk. At that time Beals Park was looked over, and certain work and improvements recommended.

The people of North Weymouth have been very much interested in Beals Park and the Board has endeavored to carry out their ideas of what should be done, so far as practicable. With the small amount of money available only a small part of the work suggested could be done. The bed of the pond has been thoroughly cleaned, and a new bed made of fresh stone and sand. Children using the Park as a playground or walk, should be instructed by their parents, not to break down the shrubs or plants, and to make use of the made walks, rather than to walk on the grass, which would greatly improve the appearance of the Park.

The following statement shows Receipts and Expenditures at this Park, from Beals Park fund :

1910.	
Jan. 1.	Amount of Cash on hand in Bank . . . . .
	\$310 70
Sept. 7.	From S. Ford, 1 year's rent of land at Great Hill Park
	35 00
Oct. 25.	From John H. Stetson, treas. interest . . . . .
	40 40
	From E. Weymouth Savings Bank . . . . .
	5 10
<hr/>	
	<i>Amount carried forward</i>
	\$391 20

<i>Amount brought forward</i>		\$391 20
PAID OUT.		
Apr. 12.	Town of Weymouth, Water rates . . . .	\$6 00
May 28.	H. Nadell, labor . .	34 41
June 30.	H. E. Gould, for plants, etc.	5 50
July 28.	H. Souther, labor . .	8 00
Aug. 20.	H. Souther, labor . .	3 75
Nov. 1.	H. Nadell, labor . .	14 11
		<hr/> \$71 77

Balance on hand, deposited in East  
Weymouth Savings Bank . . . \$319 43  
Great Hill Park remains as last reported.

At Webb Park, the usual amount of care has been given, and the trees and shrubbery have made a satisfactory growth. As a play and recreation ground this Park is becoming more used yearly, which will necessitate the enforcement of the Rules and Regulations made by the Board, if the place is to retain its present standard of beauty. It is regrettable that the large majority of law abiding people be made to suffer from restrictive regulations, for the misdeeds of law breakers, and it is suggested as a practical remedy, that all visitors, and others using our Parks, who wish to have clean grounds, and beautiful trees and shrubbery, report to the Board any infringement of the Rules and Regulations made by the Board, and posted up where all may see and understand them. If this was done, and a few examples made of the law breakers, we would soon see an improvement in the appearance of our Parks, and a saving in expense of care.

The following shows Receipts and Expenditures on account of Webb Park :

Unexpended Balance of last year . . . .	\$71 15
Town appropriation . . . .	50 00
Mary L. Condrick, for pasturage . . . .	10 00
	<hr/> \$131 15

PAID OUT.	
July 9.	Charles Fox, labor . . . . \$5 00
“ 16.	Fred Doherty, labor . . . . 15 75

<i>Amounts carried forward</i>	\$20 75	\$131 15
--------------------------------	---------	----------

	<i>Amounts brought forward</i>	\$20 75	\$131 15
Aug. 5.	H. A. Richards, labor .	7 00	
Oct. 1.	Jeremiah Coffey, labor .	18 00	
	W. H. Clapp, expenses and superintendent . . .	10 00	
		<hr/>	\$55 75
	Balance unexpended . . . . .		<hr/> \$75 40

Respectfully,

LOUIS A. COOK,  
ARTHUR H. ALDEN, } *Park Commissioners.*  
WM. H. CLAPP,

## REPORT OF SUPERINTENDENT OF STREETS

---

GENTLEMEN: — I hereby submit my report for the year ending Dec. 31, 1910:

The total highway appropriation, including Street Railway tax, amounts to \$18,618.19. This includes money expended for snow and bridges. Special appropriations amounting to \$3,100 were raised.

These appropriations were as recommended by the appropriation committee and estimated on the 1909 wage basis, which was \$2.00 for men and \$1.50 for horses, for an 8-hour day.

At Town meeting these prices were raised, the men  $12\frac{1}{2}\%$ , from \$2.00 to \$2.25; for horses  $16\frac{2}{3}\%$ , from \$1.50 to \$1.75; under these conditions the appropriation, already as small as economy would permit, should have been raised proportionally; however this was not done, consequently less work was accomplished, notwithstanding the fact that the cost of maintenance and the public demand for better roads is rapidly increasing, that we are accepting new streets, making more miles to take care of and our appropriation is less than 15 or 20 years ago.

The increase in cost of maintenance and general public interest in better roads is due almost wholly to the increased use of the automobile, which not only destroys our roads, but thousands of people now want and demand better highways, who formerly took no interest in their condition.

It has been said that the civilization of a country can be judged by its highways and this is very true of any community and it is of the utmost importance that our main thoroughfares should be put in a condition that will compare favorably with other cities and towns.

But before we can attain this end it will be necessary to increase not reduce our appropriation.

There was 25,691 gals. of oil used as a dust preventative during the year. It was of an asphaltic nature and of two grades; 12,839 gals. containing 40% asphalt, costing .0415 per gal. and 12,852 gals. of the 60% asphalt, costing .0465 per gal., making 25,691 gals. in all.

The 40% grade was used in Wards 1 and 5, the 60% in Wards 2 and 3.

The average cost of the oil applied in different places is made up of items that are subject to so many variations, that it is difficult to secure similar conditions, from which any cost comparison may be made. The following items may differ greatly: the length of haul from railroad, manner of unloading, by gravity or pumps, character and condition of road bed, method of application, by hand or machinery, amount of sand covering used, cost, etc., and weather conditions.

A close estimate of the cost of applying the light oil used this year is from three to four cents per square yard, and for the heavy from four to five cents. This shows that the difference in cost of the two grades is not material, the real economical question is that of durability, which next year's wear will determine.

Our experience for this year shows that it prevents all dust and makes a decided saving in other road maintenance, preventing in a degree washouts, etc. Some places show a tendency to get muddy, but this may be due to the oil having been applied to newly-repaired roads, which had not received their final settlement.

The heavy oil does not seem to penetrate the surface for any depth, forming a veneer. I think it would be well to apply this grade hot, thereby getting better penetration. If this work should be continued a suitable oil wagon should be purchased, resulting in better and more economical work.

All this work is experimental in a way. The State and almost every municipality of any size is using some sort of dust preventative, the use of street sprinkling being generally abandoned, and all are trying to find the method and material which suits best their local conditions.

The general summary of the work done in the different wards is as follows:

#### WARD ONE.

The principal work was done under special appropriations, including the building of Bicknell, Leonard and Wessagusset Roads and River Street sidewalk. The amount appropriated was not exceeded and a satisfactory job was done.

The following streets were treated with oil: Sea Street, Bridge

to North Street, Athens Street, North Street, from Bridge to East Street.

The most important road repairs were on Commercial Street, from Union Avenue to North Street, resurfaced with gravel; Union Avenue, from East to Commercial Street, resurfaced with gravel.

The rest of the streets received general attention, gutters and streets being cleaned when needed, and such repairs made as deemed necessary.

## WARD TWO.

The most important work in this Ward is as follows :

High Street—Rebuilt from Commercial Square to Hingham line.

Broad Street—Repaired with gravel where necessary from Jackson Square to Ward line. Owing to this street being so narrow and location of street railway, it is impossible to keep this street in good condition, from Commercial Square to Central Square, unless a permanent pavement is substituted for the present gravel and macadam.

Commercial Street—Resurfaced with gravel from Broad to Madison Streets.

Pleasant Street—Repairs made with gravel where most needed to Ward Four line.

The following streets were oiled, using the heavy grade of oil : Jackson Square and its approaches.

Broad Street—From Jackson Square to Central Square.

Middle Street—From Central Square to Maple Street.

## WARD THREE.

Heavy grade was applied as follows :

Commercial Street—From Washington Square to Lumber Wharves.

Broad Street—From Ward Two line nearly to Front Street.

Washington Street—From Braintree line to King Avenue.

Front Street—From Washington Square to Broad Street.

Streets repaired with gravel as follows :

Walnut Avenue—Whole length.

Franklin Street—Whole length.

Washington Street—West side from Jackson Square to Lincoln

Square, and the east side between Richmond Street and Lincoln Square.

Drains and gutters received the usual attention.

Phillips Street — The Town appropriated \$300 for this work. If the voters could have seen the condition of the place they would have appreciated the amount of work that would have to be done before it could have been called a street. In its natural condition it was simply a footpath through the bushes and briars and over the ledges.

The work accomplished was cleaning up and blasting the ledges. The blasted material was used for filling and retaining walls. In its present condition it is dangerous even for pedestrians. There is a great deal of blasting yet to be done, and in order to complete the work it will take at least \$500. Expended in excess, \$119.12. We have, however, the drill holes made by steam drills, but not blasted; explosives, blasting logs, etc., on hand. This material and the incompleted work will more than balance the overdraft on any future work.

#### WARD FOUR.

The principal work this year was done on Pleasant Street. This is one of the most travelled streets in Town. Resurfaced with gravel where most needed, with the exception of two short sections that should be repaired the ensuing year, the road is now in very fair condition. Would recommend that it be treated with oil.

Washington Street — Patched where most needed.

The rest of the roads received general repairs.

Loud Avenue (special) — This work was done under a special appropriation of \$200, but the amount was insufficient, as ledges and stumps were encountered that added to the cost of the work; \$31.92 was expended in excess to make the street passable. The work now is unfinished, and will require at least \$100 more to make a suitable street.

The only oil that was used in this ward was opposite the factory of Stetson & Heald.

#### WARD FIVE.

The principal work was done on the following streets:

Pleasant Street — From Ward 4 line to Columbian Square.

Union Street — From Columbian Square to Central Street. All

of the gravel used on this road has to be hauled a great distance, which makes the work very expensive. In all future work it would be cheaper to use crushed stone, using the Town crusher and local stone, walls, etc., near the road. For a street of its importance this probably needs repairs as much as any in the Town.

Special appropriation for sidewalk on Pond Street — From Main Street to station. \$800 was expended for this purpose in building a tar concrete walk.

Pond Street — As instructed by a vote of the Town, \$1,000 was expended on this street. The work was distributed over a portion of the road, between the railroad track and Poole's Corner. In carrying out the work it was very much helped by the practical suggestion of the Local Improvement Society, who have taken a great deal of interest in the work. Bushes were cut, street widened, new sections of sidewalks were constructed, etc. Cinder walk on west side was covered with stone dust and street gravelled where most needed.

Oiled as follows :

Columbian Square and its approaches.

Columbian Street, from Main Street to Columbian Square.

Main Street, from Columbian Square to Dyer's Laundry.

The following is a schedule of property in charge of the department: One steam roller, 1 road plow, 1 crusher, crusher oil, scales in shed at Hockstrasser's, watering cart, crusher jaws, platform scales at Ell's pit, crusher bin at Ell's pit, crusher bin at Hockstausser's, 2 screen sections, 3 wheelbarrows, old crusher at Washington Street portable engine house, hoe, Stillson wrench, bar, coal.

The foremen in the different wards have the following property in their possession :

#### WARD ONE.

Five snow plows, 1 gutter plow, 1 plow, 6 picks and handles, 1 grub hoe, 1 crowbar, 4 shovels, 6 lanterns, 2 pails, 1 axe, 14 feet drain pipe, 4 screens.

#### WARD TWO.

Six hoes, 3 post-hole scoops, 6 shovels, 2 stone hammers, 1 scythe and snath, 9 stone forks, 10 picks, 12 snow shovels, 6

lanterns, 3 screens, 1 gutter plow, 1 50-foot tape, 2 tamping bars, 1 4-horse road machine, 2 2-horse road machines, 1 street sweeper, 2 grub hoes, 11 pick handles, 2 axes, 1 plumb-bob, 1 trowel, 2 hammers, 1 crowbar, 10 snow plows, 2 pails, 1 tool chest, 2 marking irons, 1 2-foot rule, 1 5-gallon oil can, 1 paint brush, 2-foot 6-inch drain pipe, 16-foot 8-inch drain pipe, 1 saw, 3 rakes.

#### WARD THREE.

Seven snow plows, 1 gutter plow, 4 hoes, 1 grub hoe, 3 picks, 1 bar, 2 street signs and horses, 1 stone hammer, 1 tool chest, 1 scythe and snath, 2 post-hole scoops, 3 stone forks, 1 iron rake, 1 screen, 3 drills, old curbstone.

#### WARD FOUR.

Six snow plows, 3 screens, 4 picks, 1 grub hoe, 1 stone fork, 1 bar, 3 lanterns, 10-foot drain pipe, lumber.

#### WARD FIVE.

Seven snow plows, 1 gutter plow, 2 post-hole scoops, 2 hoes, 6 picks, 4 shovels, 2 grub hoes.

At the close, I desire to thank the Board of Selectmen for their kindness and ready cooperation; also the employees for their advice, assistance and zeal in serving the interests of the Town.

Respectfully submitted,

IVERS M. LOW,  
*Superintendent.*

## REPORT OF THE CHIEF OF POLICE.

---

*To the Honorable Board of Selectmen of the Town of Weymouth :*

GENTLEMEN :—I submit herewith the ninth annual report of the work performed by the Police Department of the town of Weymouth, for the year ending December 31, 1910.

Total number of arrests, 323.

The cases were disposed of as follows :—

### ASSAULTS :

Paid fine of \$30.00, 1.

Paid fine of \$25.00 each, 8.

Paid fine of \$20.00, 1.

Paid fine of \$15.00 each, 2.

Paid fine of \$10.00 each, 10.

Paid costs, 12.

Placed on file, 10.

Placed on probation, 11.

Not guilty, 6.

Acknowledged satisfaction, 2.

Committed to the House of Correction for three months, 1.

Committed to the House of Correction for two months, 1.

Gave bonds to keep the peace, 1.

Dismissed for want of prosecution, 2.

Threatening assault (continued) 2.

### BASTARDY :

Continued, 1.

### BREAKING AND ENTERING :

In the night time (held for the Grand Jury) 2.

### CARRYING A LOADED REVOLVER :

Paid fine of \$25.00, 1.

### DRUNKENNESS :

Paid fine of \$15.00 each, 14.

Paid fine of \$10.00 each, 8.

Paid fine of \$5.00 each, 6.  
 Paid fine of \$3.00 each, 2.  
 Committed to the State Farm, 15.  
 Sentenced to the State Farm (appealed) 2.  
 Fined \$15.00, committed to the House of Correction, 7.  
 Fined \$10.00, committed to the House of Correction, 3.  
 Paid costs, 31.  
 Released, 10.  
 On probation, 19.  
 Continued, 10.  
 Fined \$5.00 (appealed) 1.  
 Committed to the House of Correction, 1.  
 Committed to the House of Correction for ten days, 1.  
 Three months in the House of Correction (sentence suspended) 2.  
 Two months in the House of Correction (sentence suspended) 1.  
 Defaulted, 1.

#### DISTURBING THE PEACE :

Paid fine of \$15.00, 1.  
 Paid fine of \$10.00 each, 2.  
 Paid costs, 10.  
 Continued, 3.  
 Gave bonds to keep the peace, 1.

#### FISH AND GAME LAWS, VIOLATING :

Fined \$50.00 (appealed) 1.  
 Fined \$25.00, committed to the House of Correction, 1.  
 Paid costs, 2.  
 Dismissed for want of prosecution, 1.  
 Paid fine of \$5.00, 1.

#### INSANE :

Committed to Westboro, 12.  
 Committed to Taunton, 2.

#### IDLE AND DISORDERLY :

Continued, 1.

#### LIQUOR LAWS, VIOLATING :

Illegal Keeping with Intent to Sell :  
 Paid fine of \$100.00 each, 3.  
 Paid fine of \$75.00, 1.

Illegal Sale :

Paid fine of \$75.00, 1.

Paid fine of \$50.00, 1.

Fined \$50.00 (appealed) 1.

Illegal Keeping :

Fined \$50.00 each (appealed) 3.

Fined \$75.00 (appealed) 2.

Fined \$50.00 (appealed) 1.

Illegal Keeping with Intent to Sell :

Paid \$10.00 costs (placed on file) 1.

Illegal Sale by a Registered Pharmacist :

Fined \$100.00 (appealed) 1.

LARCENCY :

Committed to the House of Correction for a term of six months, 2.

Sentenced to the Mass. Reformatory and sentence suspended, 1.

Paid fine of \$15.00 each, 3.

Paid costs, 2.

On probation, 5.

Not guilty, 3.

Held for the Grand Jury, 1.

Fined \$15.00 (appealed) 1.

Fined \$10.00 (appealed) 1.

MALICIOUS INJURY TO REALTY :

Not guilty, 2.

Continued, 2.

MILK LAWS, VIOLATING :

Fined \$25.00 (continued) 1.

On file, 1.

NEGLECT OF FAMILY :

Ordered to pay to his family \$3.00 per week, 1.

Ordered to pay to his family \$2.00 per week, 1.

NEGLECTED CHILDREN :

Continued, 3.

Committed to St. Vincent's Orphan Asylum, 2.

Committed to relatives, 1.

STUBBORN CHILD :

Continued, 1.

**STATE PAUPER :**

Committed to Tewksbury, 1.

**TRAMP :**

State Farm, 1.

**TRUANCY :**

Committed to the Union Truant School, Walpole, 2.

Continued, 2.

**TOWN BY-LAWS, VIOLATING :**

Continued, 1.

**VAGRANCY :**

State Farm, 1.

Discharged, 1.

**FALSE ALARM OF FIRE ;**

Paid costs, 3.

**PULLING DOWN STONE WALL :**

Paid costs, 4.

**INDEECNT EXPOSURE :**

Six month in House of Correction, 1.

**LEWD AND LASCIVIOUS COHABITATION :**

One year in the House of Correction, 1.

On probation, 1.

**NEGLECTING TO SEND CHILD TO PUBLIC DAY SCHOOL :**

Paid fine of \$10.00, 1.

**RUNAWAY CHILD :**

Returned to the mother, 1.

Arrested on default warrants, 2.

Arrests for out of town officers, 6.

Search warrants for intoxicating liquors, 20.

Search warrants for stolen goods, 2.

Amount of property recovered of value \$250.

Amount of fines in Lower Court, \$1,336.

**DISPOSITION OF CASES IN SUPERIOR COURT.****ASSAULT ON A POLICE OFFICER :**

Committed to the House of Correction for a term of three months, 1.

## BREAKING AND ENTERING IN THE NIGHT TIME :

On probation, 2.

## DRUNKENNESS :

Sent to the State Farm, 1.

Committed to the House of Correction for a term of four months, 1.

Paid fine of \$5, 1.

## FISH AND GAME LAWS, VIOLATING :

Paid fine of \$50, 1.

## LARCENY :

Paid fine of \$15, 1.

Paid fine of \$10, 1.

Placed on file, 1.

## MILK LAWS, VIOLATING :

Jury disagreed, 1.

## ILLEGAL KEEPING OF INTOXICATING LIQUORS WITH INTENT TO SELL :

Paid fine of \$75, 1.

Paid fine of \$50 each, 2.

## ILLEGAL SALE BY A REGISTERED PHARMACIST :

Paid fine of \$100, 1.

Continued, 2.

Amount of fines in Superior Court, \$355.

The records of the work performed by the Police department show the largest number of arrests since they were organized. The town has been unusually free from any serious crimes and those reported have been investigated and promptly attended to. This is a law-abiding town and for its area and population the police force is small in comparison with that of other towns. During the summer months a number of strangers come here from the cities on their vacation and in some localities they are very troublesome. There was a petition signed by a large number of citizens to increase the pay of the police to \$2.25 per day. It was granted by the selectmen. There was a change made in the night patrolman in Ward 5; with that exception the force remains the same. The selectmen have had rules and regulations printed in book form and each man has received a copy. They give the Chief authority to suspend any member violating any rule and report the same to the Selectmen. I would recommend

a new Station house be erected in Ward 2, similar to the one in Ward 1, and also that steel cells be provided for those of Wards 3 and 5.

In conclusion I wish to express my thanks to the Honorable Board of Selectmen, the regular and special police and all others who have in any way assisted the Department.

Respectfully submitted,

THOMAS FITZGERALD,

*Chief of Police.*

## REPORT OF SURVEY OF TOWN.

---

*To the Honorable Board of Selectmen of the Town of Weymouth :*

GENTLEMEN :

I submit herewith annual report of the town survey, showing work done during the year 1910, and the present limits of the work.

It was deemed advisable at a consultation with your Board to make the work continuous, completing Wards Two and Three, and to locate the remainder of the new work under the 1910 appropriation in the westerly or more thickly settled portion of Ward Four. Beginning at the southerly limit previously reached which was a straight line, running almost due east and west from the Braintree to the Hingham line, and passing just north of the St. Francis Xavier Cemetery, about 1500 acres of new work have been covered making the present southerly limit a line, parallel with the above, and running easterly approximately through the junction of Summer and West Streets and the Shaw School grounds to a point midway between the town lines ; the line there runs nearly due north to a point about 1,000 feet south of the site of the old town house and turning again runs nearly due east a little north of Lovell's Corner to the Hingham line.

The problems met were much the same as in the previous years, some additional ones being presented on account of the large percentage of wooded area. And I have found the cost per acre to be practically uniform throughout that portion of the town thus far surveyed. In the sparsely settled districts the advantages of larger parcels with less detail, as buildings, etc., to locate are off-set by the apparent lack or indefiniteness of boundary lines, the absence of near-by residents from whom information might be obtained, and in wooded or swampy areas by the increased cost of location. While the major part of the field work is done in the months from May to October, the work during the winter is not the least important. In the absence of leaves

and with frozen ground this is the best time for surveying the larger wooded or swampy areas. It is also during this period that the majority of the registry and office work is done.

At the risk of repetition of what was written in my report for 1909, I would urge everyone, before accepting a deed, to see if, from the description given, the parcel could be located on the ground, and if the value of such description depends wholly on present and perishable marks or boundaries, to see that these are permanently maintained, or fixed by survey and plan. It is a good practice to file with the recorded deed a plan, correct to scale, showing dimensions, preferably with the addition of bearings or angles to fix the relation of the various lines. An inspection of some of the irregular parcels shown on the town survey sheets, at present marked by ditches or fences, will convince anyone of the difficulty of relocating same should said marks be lost. In general the best evidence available fixes a disputed boundary line, and many an old plan of doubtful accuracy, in absence of better information, establishes the position of the land shown thereon.

Title is frequently acquired by adverse possession and the true owner loses his land through ignorance or negligence in regard to his boundaries.

Land unmarked and acquired by inheritance through several generations, is particularly difficult to locate or establish, and is sometimes overlooked.

The value of stone monuments or bounds should not be underestimated and these should not be moved as long as they remain a boundary point. If necessary to lower or raise them it should be carefully and accurately done. I have seen several valuable street monuments taken out during the last few years, and others moved to mark some other point. Some of these points will doubtless have to be replaced at quite an expense to the town.

The transfers during 1909 recorded at the Norfolk Registry showed an increase of about 60 over the previous year, and those recorded during 1910 show a corresponding increase of about 115 over those in 1909, or a total (excluding tax sales) of about 540.

There have been few plans registered in the Land Court since 1909.

During the past year the 1907 and 1908 tracings were revised

to April 1, 1910 (the date of assessment), the 1909 tracings completed, and prints of each furnished the Assessors and your Board.

The last appropriation of \$2,500 was to cover the cost of about the same amount of new work as heretofore, and in addition the bringing to date (April 1, 1910) of all previous work. While the cost of maintenance is governed by the total acreage covered and the number of transfers, I am of the opinion that this sum should be sufficient for the coming year for both maintenance and new work.

I have sold for the town a number of prints during the past year at \$1 each.

In summarizing, I would state that 35 sheets, 1 to 33 inclusive and sheets 36 and 37 (over half the number required to cover the town) all on a scale of 100 feet to the inch, have been surveyed to date, 27 of which have been practically completed, tracings made of same and prints furnished the town. There are as noted in previous reports parcels on some of these sheets the boundaries or owners of which have not as yet been fully determined and these have been omitted for the present. It has been my policy to leave off those boundaries or names that are not reasonably accurate until additional information can be obtained. The marsh land on either side of Back River is an example. As this is somewhat more than a simple survey of the town, embracing as it does, a system of assessors sheets, kept to date, it is desirable that any error in names be brought to notice, and titles such as Estate of, or Heirs or Devisees of, as applied to various parcels, should be gradually eliminated and the names of said heirs or devisees entered on the plan. Any information tending toward this end will be gladly received.

Mr. Libbey has remained with me as first assistant the past year, and I would also favourably mention Mr. Vining, of South Weymouth, who spent a second summer on this work.

To all those who have in any way aided either me or my assistants I wish herewith to express my thanks and appreciation.

As I have before stated my office is open to anyone interested in the work, and any information received which will serve to enlighten or make definite a doubtful boundary will be carefully considered.

For the confidence and courtesy shown me and my assistants by your Board and by other town officers I wish in closing to express my thanks.

Respectfully submitted,

RUSSELL H. WHITING,

*Civil Engineer.*

---

## REPORT OF THE TAX COLLECTOR FOR THE YEARS 1907, 1908, 1909, 1910.

---

*To the Honorable Board of Selectmen of the Town of Weymouth:*

I present to you my report of taxes, interest, B. T. and G. M. and Street Watering collected for the years 1907, 1908, 1909, 1910, ending Dec. 31, 1910, and paid over to John H. Stetson, Town Treasurer.

ANNUAL REPORT  
OF THE  
Trustees of  
THE TUFTS LIBRARY

WEYMOUTH, MASS.

---

1910

### TRUSTEES.

Louis A. Cook,	William F. Hathaway,
Francis M. Drown,	John B. Holland,
James H. Flint,	Frederick T. Hunt,
Joseph E. Gardner,	Herbert A. Newton,
Clarence P. Whittle.	

### SELECTMEN, EX-OFFICIO.

A. Francis Barnes,	Bradford Hawes,
Willard J. Dunbar,	Edward W. Hunt,
George L. Newton.	

### OFFICERS.

Clarence P. Whittle, President.  
Francis M. Drown, Secretary and Treasurer.

### LIBRARIAN.

Abbie L. Loud.

### ASSISTANTS.

Louisa C. Richards,	Alice B. Blanchard.
---------------------	---------------------

### JANITOR.

Frank D. Sherman.

The Library hours are 2 to 8 P. M. ; Wednesday, 2 to 5 P. M. ; Saturday, 2 to 9 P. M. ; Sundays, Legal Holidays, New Year's Day and the 17th of June excepted.

## REPORT OF THE TRUSTEES OF THE TUFTS LIBRARY.

---

The Board of Trustees respectfully submit their thirty-second annual report as follows :

The library was open 303 days for the delivery of books, with a circulation of 51,746 volumes for home and school use, or an average of 171—per day. The largest number loaned on any day was 464 on February 23, and the smallest was 32 on July 25. 21,983 volumes were sent to the different delivery stations as stated below :

PRECINCT.	DELIVERY STATION.	LOANS.
1	J. W. Bartlett & co.	6,355
1	W. J. Sladen	2,027
2 & 6	J. P. Salisbury	6,982
2 & 6	Bates & Humphrey	2,923
4	W. W. Pratt	1,901
4	Marshall P. Sprague	1,075
5	Fogg memorial library	720

### CLASSIFICATION OF CIRCULATION.

CLASS.	LOANS.	PER CENT.
Arts . . .	2,150 . . .	4 16
Biography . . .	844 . . .	1.63
Fiction . . .	35,638 . . .	68.87
History . . .	1,333 . . .	2.58
Literature . . .	855 . . .	1.65
Natural science . . .	1,212 . . .	2.34
Poetry . . .	528 . . .	1.02
Social science . . .	745 . . .	1.44
Theology . . .	250 . . .	.48
Travels . . .	1,399 . . .	2.70
Periodicals . . .	6,792 . . .	13.13
	51,746	100.00

The Dial of July remarks that "Distractions from the serious pursuit of fiction are in certain quarters making notable inroads on the public library records of circulation," and this is in a slight degree true of our library for, with a decrease of 1956 volumes in the whole circulation, the record for fiction shows a decline of 1317, or more than two thirds of the whole. The loss is attributable in part to the fact that the schools have taken over a thousand volumes less than last year, which seems to indicate that the general circulation for home use has really been somewhat better than last year.

#### WORK WITH THE SCHOOLS.

The teachers have taken 733 volumes on their Special cards and 3,163 volumes have been sent to the schools. These figures show a slight falling off in the number of books used by the schools.

#### STUDENT'S CARDS.

The Student's card, entitling the borrower to take at one time ten books, not fiction, has been used by 65 people, who have borrowed 879 volumes in this way.

#### VACATION PRIVILEGE.

Borrowers desiring to take books with them on vacation trips out of town are allowed several books, other than recent publications. The books issued under this special ruling may be kept for an extended time, the cards being kept at the library for renewal by the librarian. Advantage of this privilege has been taken by some card holders, and it is hoped that it will be more generally used in the future.

#### REGISTRATION OF BORROWERS.

Since the beginning of the third registration, April, 1909, the applications for cards number 1,893, of which 471 were received this year.

#### EXAMINATION OF BOOKS.

12 books have been lost, and 4 of these were paid for by the borrowers; 7 books have been burned on account of contagious diseases, 141 books have been discarded because unfit to be continued in circulation, and 3 books previously reported lost have been recovered. The annual inventory made as usual leaves 6 unaccounted for.

## ACCESSIONS.

659 volumes have been added to the library, of which 104 were donations, 75 replacements, and 87 periodicals bound. 222 volumes have been rebound. It is the desire of the trustees to add such books as shall best meet the demand of the people and when "books wanted" are not in the library requests for their purchase will be gladly considered.

A list of books added since the publication of Class list No. 5, August 1, 1910, together with the books purchased from the Susannah Hunt Stetson Fund and the Augustus J. Richards Fund will be found in Appendix A.

## READING AND REFERENCE ROOM.

This room is open to all adults who will find here reference books fitted to their individual needs. Here, too, are the current magazines which provide entertainment for all classes of readers and contain reliable information on the topics of the day, which is made available through the periodical index to be found on the shelves.

This is an attractive place in which to spend a pleasant and profitable hour and the librarians have been gratified to see every day interested readers and students seeking information along various lines.

Much assistance has been rendered to debaters, study club members and others, in search of material for papers, as attested by their expressed appreciation. Committees of study clubs are invited to meet at the library to arrange their programs, as it may be an advantage to have at hand many of the books needed for consultation in the preparation of a schedule of study, and then requests for books desired but not already in the library could be left immediately with the librarian, so that they could be obtained and ready for circulation when needed.

The trustees aim to make the reference department, as well as the other departments of the library, of the greatest possible use to its patrons; the librarians also take pleasure in rendering any assistance in their power to make the contents of the library available to those in search of information.

The additions to the reference department are as follows:

Report of the Massachusetts Commission on the cost of living, 1910; Massachusetts year book for 1910; A. L. A. Portrait index; Bliss and Binder's new encyclopedia of social reform;

Tribune almanac and political register, 1910; Whitaker's almanack, 1910; World's almanac and encyclopedia, 1910; New England business directory; Nelson's perpetual loose leaf encyclopædia; Readers' guide to periodical literature, 1905-1909; Grove's dictionary of music, 5v., 1908-1910 (new edition); Statesman's year book, 1910; Larned's History for ready reference, v.7; Supplement to the revised laws of Massachusetts, 1902-1908; Century dictionary supplement, 2 v. [1909]; Who's who, 1910, 1911; Who's who in America, 1910-1911; Vital records of Weymouth and other towns in Massachusetts.

The periodicals subscribed for by the library are practically the same as last year. The National geographic magazine, the gift of Mrs. Warren Weston, has been added to the list and Christian work and evangelist, Illuminating engineer, Masters in art, and Putnam's magazine have been discontinued.

See Appendix B for a list of periodicals.

### ART EXHIBITIONS.

Exhibitions from the Library Art Club, consisting of twelve groups of pictures, have been held in the Reading Room:—Famous pictures (4); Historical Virginia; Hiawatha; Naples (1); Naples (2); Corot (1); Japanese color prints (1); Mount Shasta; Unger (1); Norway (2); Cotton and silk; Japan (1).

### CLASS LIST No. 5.

The new class list promised in last year's report and so much desired by the patrons of the library has been completed and may be purchased at the library and at the several delivery stations. This supplement includes the books added during the last six years and completes the printed catalogue to August 1, 1910. Readers of fiction will appreciate the advantage of having books of this class entered in one alphabet by both title and author whereas previous lists have had the author arrangement alone.

### GIFTS.

Public documents have been regularly received as usual; annual reports, bulletins and other publications from 41 libraries have also been received besides books and pamphlets from other sources. A collection of stereoscopic views was the gift of Miss Sarah M. Loud.

The trustees take this occasion to express their grateful acknowledgment of these gifts and a list of the donors may be found in Appendix C.

A floor of hard pine has been laid in the upper hall and the stairway leading to the hall safeguarded by a railing. These improvements make this room useful for the storing of books and permit of their systematic arrangement thus making them more easily available. New shades have been hung at the windows of the Delivery Room and the Reading Room and all the window sashes and frames have been painted on the outside. New fixtures with tungsten lamps were substituted for the electroliers in the Reading Room last year, and this year the improvement has been carried to the stack-room by installing new fixtures with tungsten lamps there also.

CLARENCE P. WHITTLE.

*By order and in behalf of the Trustees.*

#### APPENDIX A.—THE BOOKS ADDED TO THE LIBRARY SINCE AUGUST 1, 1910.

†Acheson, E. G. Pathfinder; discovery, invention and industry. 1910 . . . . .	917.92

## REPORT OF THE BOARD OF HEALTH.

---

*To the Citizens of the Town of Weymouth :*

This being the Board of Health's first annual report, not too much should be expected of us in the way of finished business, as we were confronted at first with the lack of knowledge as to the exact conditions that existed in different parts of the town.

We deemed it wise to acquaint ourselves with such as would seem most likely to become a menace to the public health. A great deal of time was devoted to this purpose during the seven or eight months following the election of the board. This work had to be done before winter set in. We feel that we can offer a great many suggestions to the citizens that will improve the sanitary conditions and not cause an outlay of any large amount of money.

The complaints that have been received, and there are many, have been carefully looked into and in most cases we have induced the offender to cooperate with us in adjusting the trouble. This seems the best policy and in the end is not as expensive as using the board's power and forcing matters.

Regarding the report of the inspection of the town, perhaps it would be best to begin at our Water Supply, of which there has been some agitation during this year.

We have carefully gone over the land adjoining and surrounding the pond, before the summer season, during the occupancy of the camps and gunning stands, and last, after they were closed for the year. We are pleased to report that the sanitary conditions are all very satisfactory. We found that the cottagers were in all cases anxious to live up to the rules that had been required by the Water Commissioners. We consider this as one of the most important duties of the board, to closely watch the shores that surround the pond so long as people have rights and build there.

While the control of the pond itself is with the Water Commissioners, this board cautions all persons using same for boat-

ing or fishing to observe the rules strictly, lest through carelessness some of our residents may suffer.

The condition of our beaches along the water front, where during the summer months we have an added population of from three to four thousand summer residents among them there are a great many children, these summer residents should be safeguarded particularly as in a great many cases the cottages have been built very close to each other, without regard to streets. The sanitary arrangements were all that were needed a few years ago, but are now offensive as well as a source of great danger.

The beaches have been thoroughly inspected and the coming year the board will cause to be made such changes as are necessary for the safety of the public health.

The care of cesspools. This is a serious proposition, as in many places in town it is almost impossible to drain them. There are factories that have such cesspools. We advise cleaning them often. This will prevent offensive odors which annoy the neighbors and cause a general feeling of alarm if there should be sickness in the vicinity.

The coming year the board will give licenses for cleaning cesspools to responsible parties only, because in some cases cesspools have been cleaned out and contents thrown upon the ground regardless of the rights of residents.

Too much cannot be said regarding the care of cows by those who sell milk. It is said that from 2,500 to 3,000 babies die of cholera infantum annually in this state, dirty milk being the chief cause. We have inspected many stables where cows are kept and have suggested changes which have been carried out, but still there is a chance for great improvement. This work should be carried on until our dairies are a credit to the town. Perhaps at some future time the Board of Health will see its way clear to publish from time to time the actual condition of stables. We think that this would go a long way towards giving us clean milk. Ask your milkman tomorrow morning if he keeps his stable and cows clean, or better still go and see for yourself. This will surely help along a good cause.

Residents are cautioned against dumping garbage or offal along the highways. Let us be public spirited enough to keep our streets as clean as possible. While the board posts signs which prohibits this, it is not thought best to placard our streets with

“No Dumping” signs ; it is unsightly and unattractive to a prospective resident as well as ourselves.

### CONTAGIOUS DISEASES.

The cases of contagious diseases reported were as follows :

Diphtheria	.	.	.	.	.	19
Scarlet Fever	.	.	.	.	.	7
Measles	.	.	.	.	.	13
Typhoid Fever	.	.	.	.	.	0

REPORT OF INSPECTOR OF LICENSED SLAUGHTER  
HOUSES.

SOUTH WEYMOUTH, MASS., January 10, 1911.

*To the Honorable Board of Health for the Town of Weymouth :*

GENTLEMEN : — I hand you herewith my report as Inspector of Licensed Slaughter Houses for the year 1910 as follows : Cattle, 6 ; sheep, 25 ; calves, 38 ; swine, 359 ; total number of animals inspected, 428.

Respectfully submitted,

GEORGE B. BAYLEY,

*Inspector.*

(Signed) GEO. E. EMERSON, M. D.,  
JOHN S. WILLIAMS,  
NELSON B. GLADWIN.

ANNUAL REPORT  
OF  
WATER COMMISSIONERS  
OF THE  
TOWN OF WEYMOUTH, MASS.

---

1910.

WATER COMMISSIONERS.

DOUGLAS M. EASTON, Chairman.

FRANK H. TORREY, Clerk.

GEORGE E. BICKNELL.

JOHN H. STETSON, Treasurer.

EDWARD W. HUNT.

---

IVERS M. Low, Superintendent.

CHARLOTTE E. BRIGGS, Clerk.

GEORGE W. SARGENT, Engineer.

---

Office at East Weymouth, Mass.

## WATER COMMISSIONERS' REPORT.

JANUARY 1, 1911.

---

The Board organized March 15, 1910, by the choice of Douglas M. Easton, Chairman; Frank H. Torrey, Clerk; John H. Stetson, Treasurer.

Frank H. Torrey was chosen Register and Collector, he to be paid \$250.00 and expenses, the Commissioners to pay for his bond.

Miss C. E. Briggs continues clerk at office at a salary of \$500.00.

I. M. Low continues as Superintendent at a salary of \$750.00.

C. B. Cushing continues as Accountant at a salary of \$250.00.

G. W. Sargent continues as Engineer at Pumping Station at a salary of \$1,050.00.

During the past year no mains have been laid in Wards Two, Four and Five.

Mains have been laid in Ward One as follows:

Pequot Road, 252 feet 4-inch pipe at a cost of \$259.62.

Shore Drive, 490 feet 4-inch pipe at a cost of \$531.25.

Grand View, 68 feet 4-inch pipe at a cost of \$78.21.

Pearl Street, connecting dead ends, 120 feet 6-inch and 300 feet of 4-inch pipe at a cost of \$500.73.

Bicknell Road, connecting Bayview Street with Holbrook Road, 618 feet of 4-inch pipe at a cost of \$553.40.

On Washington Street in Ward Three we have laid 1,756 feet of 6-inch pipe at a cost of \$2,057.05.

We desire to reiterate what was said in our last year's report regarding the shore front in Ward One.

About fifty thousand dollars was added to our taxable property in Ward One last year and from the records of transfer and the

buildings in process of construction, we are of the opinion that nearly that amount will be added this year. In order that houses may be built and that water be supplied to them, it becomes imperative for us to lay pipe of such a size and depth as to not only induce people to come to our town in the summer but to remain residents all the year round.

The question of insurance enters quite largely into the development of large tracts of land which are being laid out and placed on the market for house lots. House to house patching of small pipe, good only for domestic purposes, should be done away with, and pipe suitable for hydrant service should be laid.

While our town has grown but little as regards population during the last ten years, yet our water system has grown very fast.

In 1901 Ward One had 560 water takers

"	Two	"	867	"	"
"	Three	"	597	"	"
"	Four	"	319	"	"
"	Five	"	351	"	"

In 1911 Ward One has 922 water takers

"	Two	"	971	"	"
"	Three	"	651	"	"
"	Four	"	422	"	"
"	Five	"	520	"	"

With all this addition of pipe service for domestic use very little has been added to the service from which we derive our supply. We feel confident that we have plenty of water to supply all our needs. How to get it to the people will be a problem which in the near future will have to be worked out. Whether the citizens were better satisfied during the past summer with the service rendered than in former years or were charitable enough to think we did the best we could under the circumstances we know not. We are, however, pleased to report that the complaints of water shortage were very much diminished.

Another milestone has been set upon the road of time, and while we know not what the heritage of tomorrow will be, we do know that when we presented our recommendations to the Town last year relative to improvements in conditions around the pond

we fully expected that they would be accepted without a dissenting voice. But alack and alas, how easy it is to be mistaken! Disappointment marred our cherished expectations, and this, too, after calling the attention of the voters to our recommendations through our local paper. Out of an audience of at least four hundred but four votes were cast in the affirmative, and they were cast by four of the commissioners. We felt then like repeating the old refrain, "Oh dear, what can the matter be?" Just what the matter was is beyond our ken, unless it was a fit of apathy that took possession of those who would naturally be expected to show their hand in any progressive movement. Later on a spasmodic turn took possession of some of the members of a Village Improvement Society, who no doubt thought they had discovered something new about the conditions at the pond, and who laid their find before the Board of Trade, and a committee was chosen to confer with your Commissioners. Before a conference could be held with the committee a petition asking for a hearing was received from another Improvement Society, whose views were in direct opposition to those expressed by the Board of Trade. The complaint of the Board of Trade was covered by the article so ruthlessly turned down at our last March meeting. For the purpose of reopening the subject, and as an answer to all the committees, an article was inserted in the warrant at the special meeting held in November. At the first session the article was defeated, reconsidered at the second session, and then left where it was in the beginning by a tie vote. However, we do not despair. We are still in the harness, and getting glimpses of the land of promise, since a little public sentiment has been aroused in favor of discontinuing the issuing of permits for boating on the pond, and the taking by purchase or otherwise of any of the land around the pond which in the judgment of the Commissioners would be conducive to maintaining the purity of our water supply. Let us hope then that this year the citizens will be alive to the prospective conditions, which are growing less desirable every year, and which will eventually prove a great detriment to our largest and most valuable asset unless we close the door to everything that would be likely to contaminate one of the best domestic water systems in the State.

The Legislature of 1909 passed an act requiring towns to elect a Board of Health as a separate board. Heretofore the duties of

the board have been vested in the Selectmen. In our Town the Chairman of the Selectmen by virtue of his office is an *ex officio* member of the Water Board, which brought the Water Commissioners and the Board of Health together in matters pertaining to the care of the sanitary conditions around the pond, the Water Department doing the work.

Under an elective Board of Health the conditions around the pond are controlled by them, and the responsibility as to that condition ceased with our Board when a separate Board of Health was elected. Both Boards have met together when the occasion seemed to demand it. These meetings have been harmonious and beneficial,

The articles that appeared last year covering our recommendations, to wit: The taking of land around the pond and the discontinuance of boating permits will be reinserted in the warrant for the annual meeting in March, and we hope that sufficient interest will be taken to give these articles the consideration their merit demands.

We ask for an appropriation of \$5,000 for the purpose of new construction that may be found necessary; also appropriation from the revenue of the works as follows :

Interest on bonds.	.	.	.	.	.	.	\$19,920 00
Payment to sinking fund	.	.	.	.	.	.	10,000 00
Superintendent	}	.	.	.	.	.	7,500 00
Maintenance		.	.	.	.	.	
Pumping Station		.	.	.	.	.	
Current expenses	}	.	.	.	.	.	1,700 00
Office expenses		.	.	.	.	.	
Commissioners		.	.	.	.	.	
Total	.	.	.	.	.	.	\$39,120 00

Respectfully submitted,

DOUGLAS M. EASTON,  
 GEORGE E. BICKNELL,  
 FRANK H. TORREY,  
 EDWARD W. HUNT,  
 JOHN H. STETSON,

*Commissioners.*

## REPORT OF THE TOWN ACCOUNTANT.

WEYMOUTH, MASS., January 1, 1911.

*To the Board of Water Commissioners:*

GENTLEMEN: — Herewith is submitted the ninth annual report of the Accounting Department, showing the receipts and expenditures on account of the Weymouth Water Works for the year ending December 31, 1910, as follows:

FRANK H. TORREY,

*Registrar and Collector.*

## SUPERINTENDENT'S REPORT.

---

*To the Board of Water Commissioners:*

GENTLEMEN: — I hereby submit my report for the year ending December 31, 1910.

### POND.

Although a great many water supplies all over the United States have suffered from lack of water during the past season, we have been fortunate in having an ample supply. The water was the lowest in November, then it was thirty-nine inches below high water mark. The usual notices in regard to rules and regulations have been posted, and during the summer season had a man to patrol the pond on Sundays and holidays, also during the ice cutting. The results of the analysis of the water made by the State Board of Health show no unusual conditions and are in detail in a following report.

### PUMPING STATION.

The buildings and grounds are in good condition, with the exception of coal shed, which needs a new sill. As to pumps and appurtenances, they are in good working order.

### STAND PIPE.

The standpipe should be painted inside and outside the coming season.

### HYDRANTS.

Every hydrant has been cleaned and oiled, and most of them painted during the year. They should be used as far as possible for fire purposes only, for if they are used promiscuously, with 416 hydrants scattered over seventy miles of pipe, it would be almost impossible to guarantee them to be in good order.

### MAINS.

The extensions in detail will be found in a following report, the principal work being done in Wards One and Three. As recommended in last year's report, have encased pipe on Norton

Street with concrete. In the past we have had a great deal of trouble with this section, leaks occurring frequently caused no doubt by electrolysis action on pipe. This work will I think prove to be permanent.

### SERVICE PIPES.

Thirty-two leaks have been repaired during the year. One hundred and twenty-four new service pipes have been laid and fifty-three old service pipes have been relaid as follows :

114 $\frac{3}{4}$ inch lead lined . . . . .	2,650.9 feet
5 1 inch lead lined . . . . .	118.2 "
56 $\frac{3}{4}$ inch galvanized iron . . . . .	680.5 "
1 1 inch galvanized iron . . . . .	4.0 "
1 6 inch cast iron . . . . .	20.0 "
	<hr/>
	3,473.6 "
Number of feet of service pipe relaid , . . . .	1,202.3 "
	<hr/>
Number of feet of new service pipe laid . . . . .	2,271.3 "

Three thousand three hundred and forty-two service pipes have been laid to date ; of these there are twenty-three that have not been let on and twenty-five that have been discontinued.

Number of feet of each size laid as follows :

2922 $\frac{3}{4}$ inch diameter . . . . .	65,932.5 feet
317 1 " . . . . .	8,482.7 "
5 $1\frac{1}{4}$ " . . . . .	105.3 "
29 $1\frac{1}{2}$ " . . . . .	1,132.5 "
52 2 " . . . . .	1 183.0 "
1 $2\frac{1}{2}$ " . . . . .	17.0 "
2 3 " . . . . .	44.1 "
6 4 " . . . . .	136.0 "
7 6 " . . . . .	264.6 "
1 8 " . . . . .	22.0 "
	<hr/>
Total length of service pipe . . . . .	77,319.7 "
Number of miles of service pipe . . . . .	14.643

One hundred and twenty water takers have been added this year, making total number to date three thousand four hundred and seventy-seven.

Thirty services are shut off temporarily on account of vacancy and six are shut off for non-payment of rates.

Water is supplied to the following :

Families . . .	3375	Cemeteries . . .	9
Stores . . .	65	Private stables . . .	112
Offices . . .	17	Livery and express	
Banks . . .	4	stables . . .	7

## ENGINEER'S REPORT.

---

SOUTH WEYMOUTH, MASS., January 1, 1911.

*To the Superintendent of Water Works:*

DEAR SIR:—I hereby submit my report for the year 1910.

With the exception of a few needed repairs the pumps and boilers at the station have done thier work well throughout the year.

The two-inch by-pass leading to the Deane pump was filled with rust so I have replaced it with a now one. I have placed one new one-inch valve in return pipe from the radiators, also one new three-quarter-inch valve under each water column to the boilers.

I have put five new grate bars under boiler No. 1.

I have painted the Blake pump, new leaded the gutters and painted the same.

I have also painted the covers to the coal shed windows.

From measurement I find that Great Pond was at the greatest height on March 4, and March 11; it being at that time one and one-half inches above high water mark, and at its lowest point on November 25, it being at that time thirty-nine inches below high water mark.

Respectfully yours,

GEORGE W. SARGENT.

### SCHOOL COMMITTEE.

	Term Expires.
Thomas V. Nash, Chairman . . . . .	March, 1912
John F. Reardon, Secretary . . . . .	March, 1912
F. H. Torrey . . . . .	March, 1911
Eugene M. Carter . . . . .	March, 1911
H. F. Perry . . . . .	March, 1913
Clarence P. Whittle . . . . .	March, 1913

Regular meetings of the Committee are held the first Tuesday in each month at the Selectmen's Room, East Weymouth.

### SUPERINTENDENT OF SCHOOLS

Parker T. Pearson. Office hours: Tuesday at close of school, Jefferson. Wednesday at close of school, Howe. Monday, Tuesday, Thursday, 4.30 P. M. to 5.30 P. M., at home 511 Commercial Street, East Weymouth.

### SCHOOL CALENDAR.

Winter term closes March 24, 1911. Spring term begins March 27, 1911, closes June 23, 1911. Fall term begins September 5, 1911, closes December 22, 1911. Winter term begins January 1, 1912, closes March 22, 1912.

### HOLIDAYS.

Washington's Birthday, Patriots Day, Memorial Day, Labor Day, Thanksgiving Day and Friday following.

NO SCHOOL SIGNAL 2—2—2, 2—2—2

At 7.30 A. M. no school in any school during A. M. At 8 A. M. no school in grades I—IV inclusive. At 11.45 A. M. no school in grades I—IV inclusive during the P. M. At 12.45 P. M. no school in any grade during the P. M.

## REPORT OF THE SCHOOL COMMITTEE.

---

*To the Citizens of Weymouth:*

The School Committee herewith presents for your consideration the annual report for the year ending December 31, 1910, including the following statement of our finances:

### RESOURCES.

Balance unexpended January 1, 1910	\$17,589 47	
Appropriation March 14, 1910	62,000 00	
One-half dog license money	712 09	
Tuition of State children	111 00	
Supplies and tickets sold	83 95	
Stove, Tufts School, sold	12 00	
W. J. Sladen, error in bill	62	
Total		\$80,509 13

### EXPENDITURES.

Superintendent	\$1,933 33	
Instructors	38,823 00	
Janitors	4,605 00	
Fuel	4,401 26	
Repairs	5,097 88	
Water rent	333 00	
Supplies	4,587 21	
Miscellaneous	601 56	
Transportation	2,390 00	
Total		\$62,772 24

---

Balance unexpended January 1, 1911	\$17,736 89
------------------------------------	-------------

The Board has as in the past three years kept well within the annual appropriation, and has by the addition of an English teacher in the High School and a writing teacher two days in each week increased the efficiency of the teaching corps. Exten-

sive repairs have been made, a major portion of the outlay occurring in Ward Two and Ward Three. In Ward Two the Washington was shingled, two rooms fitted with adjustable seats, of which the seats for one room were taken from the Franklin. At the High School settees and tablet arm chairs for the lecture room have been added. Early in the year an accident to the boiler at the Hunt made necessary the replacing of several sections. During the summer, the old sanitary arrangements were abolished and modern toilets installed. At the Tufts School, the stoves having proved inadequate to properly heat the building have been replaced by furnaces. Adjustable seats have been placed in two rooms at the Shaw School.

In accordance with a recent statutory requirement public drinking cups have been abolished, and it has been necessary to provide the various buildings with drinking fountains.

Realizing the inadequacy of the past system of Medical Inspection to meet the intent of the statutes, we have inaugurated a system of weekly Medical Inspection, the physicians of the town readily co-operating with the Board.

We urge the voters to give their consideration to existing school conditions in Ward Five. In this Ward we have maintained in the outlying districts ungraded schools (grades I.-IV.) which have gradually fallen off in school population until at the present time the Pond School enrolls but twelve pupils and the Hollis eleven. It would be economy for the town to close these two schools, and at the same time it would be an educational advantage to the children to be transported to the graded schools, but a natural reluctance to interfere with the established conditions has prevented the Board from taking action.

We have had more than the usual number of changes in the teaching force, seventeen resignations having been received during the year.

We respectfully submit the following estimate of school expenditure for the ensuing year :

Teachers' salaries . . . .	\$41,500 00
Superintendent . . . .	2,000 00
Janitors and cleaning . . . .	4,500 00

---

*Amount carried forward* \$48,000 00

	<i>Amount brought forward</i>					\$48,000 00
Supplies	.	.	.	.	.	4,000 00
Fuel	.	.	.	.	.	4,600 00
Repairs	.	.	.	.	.	3,500 00
Transportation	.	.	.	.	.	2,000 00
Miscellaneous	.	.	.	.	.	500 00
Water Tax	.	.	.	.	.	400 00

CLARENCE P. WHITTLE.

EAST WEYMOUTH, Dec. 31, 1910.

## REPORT OF THE SUPERINTENDENT.

---

### *Members of the School Committee :*

I herewith submit my second annual report, the same being the twenty-fifth in the series of annual reports of the Superintendents of this town.

The system of Medical Inspection as adopted by the Committee in November has not been in force long enough to give any tabulated results, but it is probably the most important move made by the Committee during the year. Five physicians have been appointed to make weekly visits to their respective buildings and have been assigned as follows :

Athens, Adams . . . .	Lester W. Horne, M. D.
Washington, Jefferson . .	J. C. Fraser, M. D.
Humphrey . . . . .	Joseph Chase, Jr., M. D.
Hunt, Lincoln, Tufts . . .	Norbert V. Mullin, M. D.
Shaw, Pratt . . . . .	K. H. Granger, M. D.
Bates, Howe . . . . .	E. N. Mayberry, M. D.

In accordance with the recommendations of the State Board of Education children showing the following symptoms are referred to the Medical Inspectors on their weekly visits :

Emaciation.

Pallor.

Puffiness of the Face.

Shortness of Breath.

Swellings in the Neck.

General Lassitude and other Evidences of Sickness.

Flushing of the Face.

Eruptions of Any Sort.

A Cold in the Head with Running Eyes.

Irritating Discharge from the Nose.

Evidences of a Sore Throat.

Coughs.

Vomiting.

Frequent Requests to Go Out.

The Inspectors in their visits look for the following :

Infectious diseases ; Diphtheria, Scarlet Fever, Measles, Mumps,  
Chicken Pox.

Defects of eye not discovered in teacher's examination.

Defects of ear not discovered in teacher's examination.

Diseases of Throat and Nose.

Diseases of the Skin : Scabies, Head Lice, Ringworm, Impetigo.

Diseases of Bones and Joints.

Decayed Teeth.

Nervous Troubles and Mental Defects.

Observance of School Hygiene.

Correct use of School Furniture.

From the eye and ear tests given by the teachers during the month of September, we get the following results :

Number of pupils examined . . . . .	1554
Number found defective in eyesight . . . . .	147
Number found defective in hearing . . . . .	68
Number of parents or guardians notified . . . . .	153
Per cent. found having defective eyesight . . . . .	9+
Per cent. found having defective hearing . . . . .	4+

In connection with the Medical Inspection, it might be well to state that a concerted action is being taken by all the grammar principals to get the pupils into the open air during the recess periods. Basket ball is being played by all the pupils of the upper grades and a series of games has been arranged at the Clapp Memorial Building in which the pupils of the six grammar schools are competing for a silver cup offered as a prize to the winning team. It has been found that this open air exercise and the judicious supervision of the playground activities has assisted materially in the disciplining of the class rooms and the quality of mental work done during school hours. It has been said that "we seem sometimes to have forgotten that the aim of school and college is not primarily *learning*, but the development of strong, well-balanced men and women who can bear the burdens and do the work of their own place in life and meet the emergencies of a complex civilization. The chief business of the lower grades (below the High School) should be to promote healthy physical growth. The body of the young boy or girl demands more care and attention than the mind. Pulmonary rather

than cerebral capacity is the best promise of future usefulness. Playground, garden and gymnasium can help more than desk and recitation. Both are needed, but the physical is first, afterwards that which is mental and spiritual."

An attempt was made early in the spring to interest the pupils in the grades above the third in the subject of home gardening. Professor W. R. Hart of the Massachusetts Agricultural College offered to furnish each boy or girl who desired to take part in a contest with 400 grains of seed corn and three seed potatoes. About three hundred children took part in the contest, but owing to the long dry spell in July and August the results were not very satisfactory. A few prizes were taken at the local fair in South Weymouth, but none of the specimens were considered good enough to send to the central fair at Worcester. The object of the contest was to teach the boys and girls the first simple lessons in plant culture. Pamphlets were given to each child telling just how to plant and care for each specimen. An effort will be made the coming year to have school gardens near the buildings where possible. At several of the buildings there is already considerable training along this line. At the Bates and the Howe the children take excellent care of the grounds and shrubbery, while at the Athens the pupils have done a large amount of grading and planting of flowers around the building.

Miss Sanger is still being employed to teach sewing to the girls of the eighth and ninth grades, the members of the Old Colony Club and the Monday Club having voted to furnish the money again this year. One hundred and eighteen girls are taking the work, distributed as follows: Athens 18, Bates 32, Humphrey 15, Hunt 26, Pratt 9, Shaw 18. An exhibition of the work of both boys and girls was given at a meeting of the Monday Club.

That the work is appreciated by the pupils is shown by the fact that at the close of the regular lessons in April the pupils of the Athens school voted to continue the work under the instruction of the regular teachers.

One hundred and thirty-six boys are taking the work in Manual Training, distributed as follows: Athens 28, Bates 24, Humphrey 26, Hunt 35, Pratt 7, Shaw 16.

The work has necessarily been rather simple in all buildings except the Bates and Shaw which are equipped with work benches and tools. The most of the work has been done with sloyd

knives, although some of the pupils have brought tools from home for general work. Such articles as coat hangers, sleeve boards, book racks, picture frames, decorated pin holders and war clubs have been made. In November, cane seating was introduced at the Hunt and Shaw, and about eighty chairs have been repaired, the pupils paying merely for the cost of the material used. The work is proving so popular that it will probably be used in the other buildings.

During the summer the course of study was rewritten and placed in loose-leaf note books, which makes it possible to revise any portion of the outline without interfering with the rest of the course. The teaching of number has been resumed in the second grade. The work in history, geography and arithmetic is to be completed in the eighth grade, so as to give time for thorough reviews and more advanced work in the ninth. Nearly all the pupils who leave school to go to work, do so in the seventh and eighth grades, and for that reason every effort should be made to give the pupils as complete and practical an education as possible before they leave school. The most of the ninth grade pupils enter the High School. Last June 124 pupils graduated from the ninth grade, and this fall 124 freshmen entered the High School. Of course not exactly the same pupils entered the High School as graduated from the ninth grade as the constant change of population carried some of the graduates from the town whose places were taken by later arrivals.

The present enrolment of the High School is 290, distributed as follows: Seniors 56, Juniors 43, Sophomores 67, Freshmen 124. While this enrolment is not quite so large as last year, the Freshman and Senior classes are the largest in the history of the school. The addition of a new teacher at the opening of the fall term has greatly strengthened the work in English and has reduced the average number of pupils per teacher to about 26, which is the average number of pupils per teacher in the high schools throughout the United States.

The school is now represented in 15 colleges and 5 normal schools by 50 graduates distributed as follows: Amherst 1, Bowdoin 1, Brown 1, Boston College 1, Boston University 3, Cornell 1, Dartmouth 3, Harvard 1, Massachusetts Agricultural College 2, Massachusetts Institute of Technology 7, Mt. Holyoke 3, Radcliffe 1, Smith 1, Tufts 2, Wisconsin 1, Wellesley 2, Yale

1, Boston Normal 1, Bridgewater Normal 12, Salem Normal 1, Framingham Normal 2, Normal Art 2.

That the school is doing excellent work is shown by the fact that entrance to all the above-named institutions may be obtained by certificate, with the exception of Harvard, Radcliffe and the Institute of Technology, which examine all candidates for admission.

The Penny Savings System as maintained by the Monday Club is still continuing to prosper. The total deposit has increased to \$3,800. About \$1,300 was received from the sale of stamps, a portion of which was offset by withdrawals. Of the 425 depositors 125 have been added this year. The seven rooms in the Hunt and Lincoln schools have the largest deposit for the year with a total of \$197.18. The Athens comes next with a deposit of \$167.20, and the Howe stands third with a deposit of \$164.01. The money still continues to be collected principally from the children in the lower grades, but we hope that as time goes on the habit of depositing which has been acquired in the lower grades will be continued as the pupils grow older. The following regulations will explain the details of the system :

### REGULATIONS.

Deposits of one cent or more will be received every school day by the teacher of each class. The amount will be delivered to the treasurer, who will deposit the same in the Savings Bank.

Deposits must be made by attaching stamps to the deposit card at the school where the stamps are bought.

No sum less than the amount represented by all the stamps attached to one card can be withdrawn.

When a pupil has a deposit of three dollars the bank will issue a bank book in his name, and from that time his deposit will draw interest.

Deposits should be withdrawn only in case of necessity—in case of sickness or removal from town. All withdrawals must be made through the treasurer, and at request of the parent or guardian of the pupil who withdraws money.

When a depositor graduates or leaves the school he will be given his bank book or the money due him.

“The habit of saving is an essential part of the true practical education.”

Depositors are requested to keep this card clean, and bring it to school whenever depositing or withdrawing money.

The two great forces which militate against accomplishing the best results in the schools are the constant change in the personnel of the teaching force and the daily absence from school of pupils for various reasons. The first, I presume, we shall have with us as long as the teachers can improve their condition by accepting higher salaries elsewhere, but the second is partly remediable. It is my opinion that five per cent. of the children at any time may be out for sickness, but when the per cent. runs higher than that, the fault rests either with us or with the parents. A reference to the reports of the truant officers shows that we have not had more than our share of truants, but we have had a large number of children kept out of school by the parents. In three cases the parents refused to send the children after the truant officer had been repeatedly sent for them. It was necessary to take these cases to court. In the first two, the children were placed on probation, in the third the parent was fined. Two well defined cases of truancy were also taken to court and the children were committed to the Training School.

The Palmer Method of Writing which was introduced last year has proved very satisfactory. Many of the pupils in the upper grades have acquired the muscular movement and have developed the speed required by the system. In the lower grades the pupils are being taught position, correct pen holding, and the movement exercises from which are developed the letter forms. We do not expect to get such good results in letter formation in the lower grades as with the old system, but we do expect that the pupils in the upper grades, having been taught correctly in the lower grades, will be progressively better penmen in the future. Our poorest writers at the present time are in the High School, where if there is any requirement for speed the pupils simply scribble.

In conclusion I wish to thank the parents, teachers and committee for that co-operation which has made the year's work successful.

Respectfully submitted,

PARKER T. PEARSON,

*Supt. of Schools.*

EAST WEYMOUTH, MASS., December 31, 1910.

## APPENDIX.

### CHANGES IN THE TEACHING CORPS 1910.

#### APPOINTMENTS.

Month.	Name.	Grade.	Building.
February	Elizabeth S. Hall	Principal	Tufts

## CLASS ODE

Words and Music by Helen Florence Richards.

O happy school time, ended now,  
 To thee we bid farewell,  
 The cherished mem'ry of thy joys  
 In mind will fondly dwell.  
 Thy golden chain of friendship formed  
 Will never broken be,  
 And though o'er land and sea we roam  
 Our thoughts will turn to thee.

The future lies before us, veiled  
 In mystery profound,  
 We have no thoughts of doubt or fear,  
 Our hearts with hope abound.

The gates of opportunity  
Will open to our view,  
Who daily seek by earnest toil  
The best in life to do.

Our footsteps now in broader paths  
To Life's new duties turn.  
May we aspire to lofty heights  
And all things lower spurn.  
In ways of wisdom may we grow  
And heed that inner voice,  
Which bids us give of heart and hand  
To make mankind rejoice.
